AUSSI TOP TEN AWARDS 1980

I have been more involved in the TOP 10 this year than for some time as Peg Wilson and Steve Byles passed the cards on to the Office (after doing the bulk of the initial sorting).

There Mary Connolly and Vivienne Watson slotted in the cards which had been presorted in some States and any late-comers. The final sorting was done by Glad and Art Uebel of the St. George Club.

Having coordinated all this activity I was rather taken aback by a letter which stated that the majority of people are not interested in other people's times.

IF THIS IS TRUE TELL US NOW AND THERE WON'T BE A 1981 TOP 10.

As before some of the writing was atrocious (worse than any doctor's I have ever seen), people didn't know their age or the length of the pool they swam in. This isn't fair to all those who have to process the cards. PLEASE TAKE TIME AND CARE when filling in your cards.

Contrary to the opinion that people aren't interested in times the number and standard of times recorded continues to surge ahead.

Records are not shown because the clubs made it obvious that they are more interested in having a comprehensive guide to use to set goals for their members rather than a less extensive more accurate record of performances.

Anyone, even you, can make this list. It is just a matter of studying it carefully till you find the place where you can fit in even if it m waiting till you are 81.

1981 TOP 10

ONLY FORWARD CARDS WHICH WOULD HAVE QUALIFIED for 1980 TOP 10, that is times that are faster than the 10th time for 1980 or all times where there are less than 10 times for 1980.
