Many thanks for your support and participation in the one-hour swim. This year the postal swim reached 537 individuals (210 women and 327 men)compared to 382 individuals last year. We had a total of 66 team entries, 3 more than last year.

Many new records have been set and swimmers from Australia, Canada, Germany, Great Britain, Japan, and the United States participated in the event.

I apologize for the delay in compiling and sending out the results. Hopefully, next year we will have the results computerized which will speed things up. I appreciate your patience in this regard. Thanks again.

Medals will be forwarded as soon as possible.
