Carol's Comments

One of the frustrations with this magazine is the fact we go to press so long before you actually receive it. This often results in our 'news' being somewhat out of date. However, until we are in a position to change that situation, I guess its "grin and bear it."

To all those kind people who phoned to congratulate me on becoming National Secretary, thanks. However, when Gary found his work situation had changed yet again, I requested President Peter to ask the Council of Delegates if they would allow me to withdraw my nomination, and nominate Gary. Fortunately they agreed, Gary was elected National Secretary and I was appointed Editor of this journal. Actually I suggested that if Gary wanted his picture on the cover, he only had to ask! However, it went to his head, as he insisted that the National Executive be formally presented — so turn over a few pages and read all about "us".

Our feature is naturally our National Swim, and what a wonderful weekend it was. The sun shone, everyone was so friendly, the competition keen and WA did a wonderful job of hosting what is a very big event. Indeed an event that warranted the presence of Sir Charles and Lady Court, who were very charming and extremely interested in the aims of AUSSI.

I, like many others spent a week in Perth and enjoyed every minute of my stay, a great deal of credit for that goes to the WA AUSSI members who went out of their way to provide hospitality for us, so take a bow AUSSI - WA.

I do apologise that AAS was so late in being posted to you. However, firstly there was a hold up with envelopes, then secondly Vivienne is shared by the National and NSW Executive and on my return from Perth Vivienne was tied up typing the programme for the NSW State Cup. I try to get to the office as often as possible, but around that time an extra pair of hands would be of some assistance.

It's good to see the number of letters that are arriving, not all the 'Dear Carol' letters that I was promised, but enough to assure me that you are keen to play your part in the continued growth of AUSSI. Also your letters help keep the National Executive in touch with the club members.

The 'Top 10' continues to be a headache, only strict attention to detail from club members up will help, so please, please try to follow instructions, see article and amended list in 'Off the Blocks'.

This time I have just so much information to print for you, fitting it all in has taken a lot of juggling. I wanted to give as wide as possible coverage to our National Swim. I had so many marvellous photographs I would have loved to print pages of them. Along with our regular articles news of two very important dates for AUSSI. The Fitness and Coaching Workshop to be held in Canberra in conjunction with the Council Meeting and the big International Pan Pacific Swim.

By the way each State Secretary has received a questionnaire relating to AAS — I hope each member will assist by answering their club questionnaire, returning it to their State Secretary in time for them to formulate a State policy regarding AAS which will be presented at the Council meeting in Canberra.

Hope you enjoy this issue.

Cheers.

Carol

AUDIT CERTIFICATE

I have examined the Books of Account and the Vouchers for The Australian Union of Senior Swimmers International for the year ended 31st December, 1980 and have obtained all the information and explanations required.

In my opinion the Income & Expenditure Account and Balance Sheet exhibit a true and correct view of the state of affairs of AUSSI according to the best of my knowledge and information given to me.

*R.H. Stevens, Auditor
Registered under the Public Accountants'
Registration Act, 1945 as amended.*

Swimmers' Viewpoint

Dear Carol,

I would like to take the opportunity through this magazine of thanking everyone in WA for the very enjoyable 7th Nationals. Each one has grown bigger and better, but will we ever be able to match the warmth and hospitality shown to us?

My personal thanks go to Glenys and Vic McDonald for their hospitality, Tony Morris for her companionship and Fred Johnson for being such a helpful guide to our group.

To arrive in Perth at such a late hour and find "Welcome AUSSI" signs and so many members waiting to greet us and offering to drive members to their hotels, set the mood which prevailed through the entire stay. Then at an even later hour departing, we were farewelled. Thank you so much WA. I enjoyed every minute of my stay in your beautiful, clean and friendly city.

*Mary Connolly
National Treasurer*

Dear Mary,

I can only endorse every word of your letter, sentiments echoed by all our group who travelled across to Perth I'm sure.

Carol

* * *

Dear Carol,

We would like to thank you for the full page write up in the March issue, which to us really gave our club a boost.

I would like to take this opportunity of congratulating the organisers of the National Swim Meet

at Beatty Park with special vote of thanks to our own secretary, Glenys McDonald, for her assistance in getting our team to Perth.

Though small in numbers all our swimmers performed quite well, which proved a point in the hard work put in by our coach.

At this point we would like to extend an invitation to any Eastern States visitors to take part in our carnival — October 3rd, 4th and 5th. Also we were very pleased to have as our guest Judy Ford from Canberra at our swim meet.

Yours sincerely,

*L. Hammond (Secretary)
Pilbara Platypii*

Coming event Pilbara Platypii — our two-day carnival, Queen's birthday weekend October 3rd, 4th & 5th, South Hedland Aquatic Centre, South Hedland.

Dear Lois,

Happy to give South Hedland a boost any day, glad you liked the article. Am also pleased to print any compliments to Glenys and her team, as they did such a great job.

Finally I've heard all about your October weekend carnival from Fred Johnson, it sounds just great, if wishes were deeds, I'd be there myself.

Carol

* * *

Dear Carol,

On behalf of Brian Hird and myself from Western Suburbs NSW who came over to beautiful Western Australia for the National Swim Titles, I would like to say 'thank you' to WA for all your hospitality. We en-

joyed ourselves immensely gaining valuable ideas, having fun socialising, meeting so many people. I was really impressed with the way you handled everything and the way you all take great pride in your city. Thank you.

Hope to see you all in Sydney NSW for the Nationals next year.

*Ann Still, Secretary
Western Suburbs NSW Club*

Dear Ann,

I am sure all the WA folk appreciate your kind words, on their behalf — thanks.

Carol

* * *

Dear Carol,

I'd like to publicly thank South Hedland AUSSI members (the Pilbara Platypii) for the warmth and hospitality extended to me when I joined them on their Club night on 6th April.

Thanks especially to Secretary Lois and Merv, and also coaches Lyn and Dave.

I'm looking forward to the time when some Pilbara Platypii will be able to visit us in the (far) Eastern States.

Congratulations Jim on that excellent article on timekeeping. It is something we should all be more aware of — and brush up on.

*Yours sincerely,
Judy Ford
Canberra AUSSI*

Dear Judy,

It would seem South Hedland enjoyed your visit also. I'm pleased you found Jim's article on timekeeping informative, had to twist his arm to get him to write it. I think being a good timekeeper is part of being an active club member — part 2 of Jim's article is in this issue.

Carol

* * *

Dear Editor,

May I say that I agree with Judy Ford of Canberra AUSSI in regard to no issue of certificates for each entrant in carnivals as I feel that it is a moral booster, being able to bring something home to show families and friends, as myself and three other members of North Lodge AUSSI were given certificates after competing in Canberra AUSSI carnival earlier this year. Also other competitors were given certificates too.

Also may I add that I agree with fellow North Lodge member Shirley Howard on the way we were so well looked after by the members of Canberra AUSSI particularly Mr Robin Sweeney who I was billeted

with along with other members of North Lodge, also the way transport was arranged to get me from the airport to Robin Sweeney's home, that was most helpful. The idea of billeting is great, and I would recommend it to other AUSSI clubs.

May I add in closing my sincere thank you to all Canberra club members for the way in which all visitors were received and to say that I had a great weekend. Thank you Canberra AUSSI.

Yours faithfully,

Peter Fordyce

Dear Peter,

It would seem a number of folk prefer certificates to medals, also that billeting eases the way to attend carnivals when there is a fair amount of travelling expenses.

Carol

* * *

Dear Carol,

I must agree with Judy Ford's letter (March AAS). I've only been in AUSSI about eighteen months but I've been to most of the carnivals. At some of these carnivals I've won medals, at a few I was given certificates. I must say I preferred the certificates. Not only does it have your times recorded on it, but it's also a "memento" of the carnival as they have the club name and motif on it.

More importantly every competitor receives one. As Judy said it's often the same few swimmers who take out the placings. I heard a comment at one carnival to the effect that the medal winners were already "decided", so there was no point in swimming fast. This is not the kind of thinking we want to encourage. If "prizes" were deleted we could go back to the preferred situation where we swim against ourselves, and our own times, and the emphasis would be taken away from being "the best".

After all everybody is in there trying to do their own personal best.

*Sue Johnstone
Cronulla-Sutherland AUSSI*

Dear Sue,

Judy's letter has got members thinking and expressing opinions which is beaut. Now the ball is in the clubs courts when they conduct carnivals.

Carol

* * *

Dear Carol,

I am sure many members will agree with Judy Ford's comments re medals in the last issue of our magazine.

By the time readers read this, all the entrants in our

carnival at Blacktown will have received an award card.

We did this for the same reasons Judy said, to give encouragement to the slower swimmers and the new members of AUSSI clubs. It is nice to receive medals but I think they become a little old hat after a while.

The contents of your magazine are very interesting and informative, we look forward to the June issue. Good luck for the future.

Sincerely,

*Marlene McCafferty
Blacktown Beavers*

Dear Marlene,

Blacktown's carnival was most enjoyable and I did think your 'Beaver' certificate was like Sue Johnstone suggested — a beaut keep-sake.

Carol

* * *

Dear Carol,

WHERE HAVE ALL THE RECORDS GONE???????

As you will have noticed from the 'Top 10' listings published in the March 1981 issue of our AUSSI magazine — the records have been omitted.

Following a number of enquiries it would appear that the "base" cause — and reason — for not publishing the records is that over a period, a lot of the times being submitted are "vague" and some, most definitely inaccurate.

Judging from enquiries, the records have not been scrapped, but temporarily placed in "limbo" until someone can come up with a workable arrangement for having them accurately recorded.

Whilst I agree emphatically with the National Committee that records must be accurate — (in fact, it is only fair to all other AUSSI members that they be accurate — they MUST be accurate) — I feel that the records MUST be put back in their rightful place with the 'Top 10' listings — as soon as possible.

The records form part of a natural progression from Learn-to-Swim through to the top of the 'Top 10' listings.

They are of interest to a range of people from new swimmers to people overseas.

Occasionally (unfortunately) we hear the criticism "... they (i.e. the faster swimmers) are only worrying about records" I think it is well to remember the driving force to start off AUSSI clubs and help non-swimmers to get into swimming — has, in almost all cases come from the keen swimmers — the people that have also spent many hours of their leisure (?) time and money — teaching and helping other people (adults and children) along the way. It is a cruel criticism to say that top swimmers are only looking at records.

We are looking at the "total" picture ... and records form an integral part of the picture.

Now, alternatives:—

There are a number of ways to do it ... and the best way will probably be best decided at State and National meetings.

But in the meantime I would suggest that the present method of presenting the 'Top 10' listings with (L/C or S/C) to indicate long or short course — is quite OK — and the only problem to solve is to make sure the times then are **accurate**.

This may mean only accepting times taken at race meetings — and only if there are 3 timekeepers on the lane — or we may feel it acceptable to record times taken in Time Trials providing 3 timekeepers are used and the card signed by the 3.

If the first suggestion is the only way to get an accurate result, so be it — but let's have a good think about it — get the suggestions to the State and National Committees and get the problems sorted out and the records out of "limbo" and back where they belong.

At our June long weekend meet at Tamworth we will be inviting people to indicate on the back of their cards if they would like their time considered for a record, and if so, we would make sure that there are 3 timekeepers on that lane, and then the time will be submitted for a record (assuming it breaks the existing one) and hope it will be accepted when the records are once again recognised.

Get the thinking caps on and let's tidy up this area of our results — as quickly as possible.

Cheers,

Jim Williams

Answer —

Jim is right, the records have gone into limbo that is apart from National Swim Records which are well covered by Rule 11g) (see AAS — December, 1980 — page 55).

But there are 8 events in the 'Top 10' which are not on the National Swim programme and are therefore not subject to Rule 11g).

As regards altering the method (increasing number of timekeepers) of recording times for 'Top 10', this matter was discussed in great detail during 1980 at club, State and National levels and the consensus of opinion was that it was better for the 'Top 10' to be a rough guide to performances than a precise record of times swum.

The action you intend to take at Tamworth introduces a further point of contention. Rule 11g) specifies 50m pools, and the Workmen's Club pool is 25m. The ASA recognised a 1.7 seconds difference for every 100m between times recorded in 25m and 50m pools.

For a satisfactory system of record keeping to be introduced it would have to differentiate between 25m and 50m pool times.

Clubs and branches should start discussing this mat-

National Secretary

* * *

Dear Carol,

Your March editorial and readers' correspondence indicate that members of AUSSI are concerned that the competitive element may dominate the AUSSI scene to the detriment of the primary objective of Master Swimming, Fitness and Fun for all members irrespective of age or natatorial prowess. On the contrary, I believe that competition assists the attainment of this objective and the promotion of adult swimming.

As you mention, there are many varying concepts of fitness and fun. As I see it, fitness is a desirable state for those who desire to enjoy a zestful and satisfying life and realise their greatest potential. Fun, deep fun, derives from a sense of happiness at being what you are and doing what you are doing. My conviction is that members of AUSSI who are rapt in swimming as a pleasant and beneficial form of exercise, recreation and sport, will strive for the highest degree of fitness and of excellence in style and performance they can obtain. Competition provides incentive to achieve one's real potential.

The ethos of Masters Swimming is that all members of AUSSI are welcome to swim in every event for which they qualify by virtue of age and sex at every meet. I fail to comprehend that any AUSSI meet is conducted mainly for the benefit of the more accomplished swimmers just because medals are awarded or that dispensing with medals would make carnivals more valid and worthwhile.

I look back on 68 years of competitive swimming with pleasant memories of spirited races, good company and enduring friendships. Now I consider myself lucky to be fit and able to participate in Masters Swimming and, win, lose or draw, I do that with zest and enthusiasm comparable with my salad days.

To the young at heart fun is abundant, and it is a fortunate person who carries the spirit of youth into adult maturity. Swim regularly, endeavour earnestly to improve your condition, technique and capacity for sustained effort, stretch your capacities to the utmost limit and take pride in your achievements however humble. Your cup of fun should be overflowing.

Yours sincerely,

Frank Griffiths

Dear Frank,

The beautiful thing about this section of the magazine is that a variety of ideas and concepts are being put forward. Thank you for writing stating perhaps what could be considered the other side of the competitive coin.

I believe the absence of competition at our carnivals

would mean their demise. However, what many people seem to want is a balance. Sure have spirited competition between the competitive, but also recognition of the efforts by all swimmers. I feel certificates to all participants rather than medals to a select few is more the spirit of AUSSI. However, at the same time, I believe at our State and National swims we should pay due homage to the best amongst us.

Carol

* * *

Dear Carol,

Having read the latest issue of AAS which consisted of four articles, AUSSI 'Top 10' and awards which went from page 19 to 71 and in excess of 120 advertisements — that's right in excess of 120, it makes me wonder why it is printed on a three monthly basis.

I am the first to admit I am not completely au fait with the economics involved in printing such a magazine or conversant with the advertising policy of AUSSI, but nevertheless I fail to see the reason behind the lack of pertinent information and over abundance of advertising.

If the reason be that there is not local information available surely there must be an overseas publication available from which relative and interesting material can be obtained.

Should it be the case where for the continuance of the magazine this vast number of advertisements is necessary is it possible for the magazine to be split into different editions based on geographical location? Both editions carrying the same main articles but containing different advertisements relative to the readers area. Unfortunately the fact that F.J. Sherborne Pty. Ltd. are customs and shipping agents based in Fremantle does not mean a great deal to me as I am from Sydney, and by the same token I can see no reason why the fact that George Eggleton Pty. Ltd., kerb and gutter specialists of Beverley Park, NSW could hold a great deal of interest for AUSSI members who live in Western Australia.

If, and I am sure that the cost of this proposal would be prohibitive perhaps the magazine could be split into an east and west edition, both being printed in Sydney.

Apart from the above which in some peoples' eyes may be unjustifiable complaining I still enjoy the AAS publication but Carol please more articles and less advertisements.

Larry Westwood
Cronulla-Sutherland, NSW

Dear Larry,

How I wish we didn't have to have so many advertisements — but when we tried to print the magazine with a few adverts plus subscriptions, we couldn't financially manage. For one reason, we needed someone to go out and sell the advertisements, not an easy job, then only a quarter of the AUSSI membership subscribed. Now following the Council decision that

Kindly Sponsored by . . .

every member received AAS, postal costs alone for the March edition were \$239.23. So until we are in a position to buy our own press, we have no choice but to go to a commercial publisher, where policy is — page for page — a page of editorial material — page of advertisement.

I take your point regarding the number of pages taken up by the 'Top 10' which meant a lack of articles in the March issue. I try to print what the majority of the members want, so if other readers — like you — find the 'Top 10' takes up too much editorial space in the magazine then write and say so, the majority vote wins.

Carol

* * *

Dear Carol,

I would like a correction and an apology to go in the next issue of AAS regarding the 'Top 10' times. I have been listed in the 50m Breaststroke — 35-39 age group as having the best time.

This is an error as I don't swim in breaststroke events, I feel the time is for a 25m event.

I would apologise for any inconvenience this has caused.

This is the first copy of AAS I have received and thoroughly enjoyed reading it, keep up the good work.

Sincerely,

Sandra Goodall, Secretary
Whitford AUSSI

Dear Sandra,

Thanks for notifying us of the error, unfortunately they do creep into the 'Top 10', its preparation has been a problem since it was first done. However, we are starting to refine the system. Thanks also for your kind words.

Carol

* * *

Dear Editor,

I am writing on behalf of the Penrith Amateur Swimming Club and the Australia Day Committee to thank you for your generous coverage of the Australia Day Bridge-to-Bridge swim, which was held on the 25th January, 1981. We very much appreciated the publicity you were able to give us and feel sure that this contributed in a great degree to the success of the day.

The swim was an outstanding success with approximately 140 competitors entering the water. The oldest swimmer was 75 and the youngest swimmer to complete the course was age 5. There was tremendous community involvement, in that the Nepean Rescue Squad and the Police patrolled the river, together with the local Canoe Club and the Army Engineers and Signals Squadron provided back up facilities and communications. The general consensus of opinion was

that the swim went very well and was very well supervised.

Once again, many thanks for the help you gave us, and we will look forward to your continued support for next year's swim.

Yours faithfully,

Dr. Michael J. Christie

Dear Dr Christie,

AAS is happy to give publicity to such events as this. A number of AUSSI swimmers participated, did very well and really enjoyed themselves.

Carol

Dear Carol,

In AUSSI we have plenty of information available for those of us girls who want to get fit and improve our swimming techniques. But if I'm going to saturate myself in chlorine for the next 50 years, it would be nice to occasionally have a few tips on becoming an AUSSI Belle.

We all know that good nutrition and a regular fitness programme should make us all Wonder Women — but horrors — what about the hair that needs washing and setting each day; the fashionable shade of green that some blondes go; the dry, scaly skin; the bloodshot eyes; the brittle teeth, (if you swallow all the chlorine I do); and the feeling of being constantly water logged.

I know for a fact that in WA some girls have given up AUSSI for these reasons. Perhaps they were just looking for an excuse because AUSSI wasn't for them, but perhaps a few tips could help. The joggers have their joggers' kit, perhaps we could have the Lady AUSSI's Kit.

* * *

Lady AUSSI's Kit

- 1) One efficient cap (is there one?) or one wash and wear hairstyle.
- 2) One hot shower after each swim to get rid of the chlorine.
- 3) One pair of well fitting goggles, optical prescription for short sighted swimmers.
- 4) One bottle each of good shampoo and conditioner for dry hair.
- 5) One jar of expensive moisturizer for face.
- 6) One jar of petroleum jelly to put on eyebrows and eyelashes before swim.
- 7) One extra large bottle of body lotion to be applied all over body after swim.
- 8) One man to do above.
- 9) To prevent brittle teeth — keep mouth shut.
- 10) One tongue in cheek.

Well Carol, I hope the above saves many a member. Regards,

Glenys McDonald

to choose from)

Dear Glenys,

What an excellent idea, just to comment, no. 1) There is no such "thing" as an efficient cap, and even if you have one that doesn't leak, you still end up with "powdered hair", and someone is sure to say "Have you a dandruff problem?" No. 2) Find a pair of well fitting goggles and after 400m you have circles on your cheekbones — take note — "What will they think of next" inventors. No. 9) One could always contact the "Ring of Confidence" people. Nos. 4), 5), 6), 7) can all be obtained at your friendly chemists, so I'm told, even no. 8) is negotiable, although I feel every girl for herself. Finally I once took two girlfriends to club night, they assured me they really enjoyed themselves, yes they did feel great, swimming was a terrific exercise, yes it was a friendly club, it's just a pity you have to get so "wet". Do you know it's even hard to write with your tongue in your cheek?

Carol

Dear Carol,

Rules of AUSSI

You must be aware of the correspondence I have had with Gary Stutsel concerning the 'Top 10', in its present form — Rule 9 (a), becomes quite meaningless to the point of absurdity through allowing short-course times to be considered on a par with long-course times.

My reason for writing now — and I hope I am in time — is to ask you to draw attention in the next issue of AUSSI Adult Swimming to a very important addition to the Rules of AUSSI, namely, 11 (g) National Swim Records, in particular to the last sentence which reads "All times submitted for National Swim Records must be swum in 50-metre or 55-yard pools."

I do not think the significance of my request will be lost on you.

With regards,

Yours sincerely,

*John Collins, Recorder
AUSSI Inglewood*

Dear John,

Your letter arrived after the magazine had been sent to the printers (closing date was 1st May) but Carol asked me to answer it and then rushed your letter and my answer to them.

You will recall that moves were made in 1980 to ensure more accurate recording of times for the 'Top 10' (i.e. 3 timekeepers).

This was overwhelmingly rejected by the clubs who through their State branches voted for the present format, which as pointed out in the introduction to the 1980 'Top 10' provides a means of setting goals for the members rather than an accurate record or comparison of performances.

As you will see elsewhere in this edition it is recognised that there is a demand for the keeping of accurate records for all the events we swim mentioned in Rule 10. Whether these will be kept for 50-metre pools only or whether there will be separate lists for 50m and 25m pools will be decided at the August Council meeting of State branches.

I am, however, disappointed in your self-centred opinion which in spite of our previous correspondence continues to push a point of view which would deny those swimmers who only have regular access to 25m pools the opportunity to see their names in the 'Top 10'.

Sure, there is a time differential between 50m and 25m pools times but there is also a time differential between many of the timekeepers I have seen and as long as the 'Top 10' is no more than a guide we should all be prepared to accept its shortcoming.

It wouldn't hurt all members to read our Rules.

Gary Stutsel

Gary's Gazings

Well! Your secretary is still shy but no longer re-tiring. I had intended to do a tertiary course this year which would have made it impossible for me to continue as secretary, however, circumstances changed and you are stuck with me and the "gang of four" profiled in this issue of AAS.

Last issue I stated how it was foolish of us to assume that everyone in AUSSI was aware of our procedures. The letter printed at the end of "Gary's Gazings" clearly shows that many people, especially our newer members are not aware of how AUSSI works.

There are now nearly 2000 members. Long ago we found that it was not possible for every member to have a direct say, so we introduced clubs and now you join a club.

Your club is affiliated with its branch (State).

Your branch is affiliated with the National body. This means,

you must have your say at club level

your club must put its views at State level

your State puts its views at National level

in this way we are able to reduce the load at National level as hopefully "hair-brained" ideas will have been filtered off before they get that far.

The Rules of AUSSI were printed in the December edition of AAS and it was hoped that the new constitution could be printed in this edition, but there just was no room.

The constitution will now be printed in the September edition and meanwhile each club will be supplied with a copy.

Lack of space has also stopped us from printing a list of new clubs but we would like to publish a complete list of clubs, swim-session times and venues in the September issue. This information should be sent to me on the form at the end of "Calendar of Coming Events".

Now that letter and some comments:

Attention: Mr P. Jackson, Nat. Council President

Dear Peter,

Through our State Executive I recently submitted a paper on some aspects of club administration titled "Swimmer Beware — Paper Ahead!"

I am rather horrified to find that yet another paper needs writing which could well be under the title of "AUSSI Beware — Railroaders Ahead!" I am referring to a number of constitutional changes made recently at the National Council Meeting, Perth, 13.3.81, as reported by our State delegates to this meeting.

In particular I wish to express my strongest objection to having our name "Australian Union of

Senior Swimmers International" changed to "Australian Union of Senior Swimmers International Master Swimmers of Australia".

In the first place I submit that the changes are unconstitutional as no proposal to amend the constitution was submitted to all State bodies prior to the National Council Meeting. This would have allowed considerable discussion to take place at State and club level and delegates to be advised as to vote for or against.

In fact, constitutional changes or amendments should be subject to approval or rejection by all members. Usually achieved by postal ballot or at a General Meeting called for the specific purpose of dealing with a constitutional proposal.

Neither appears to have taken place and indicates a lack of appreciation of our so-called National Council of their duties and obligations as officers or a National Body.

In the second place, I object on more personal grounds. To begin with I regard the new name as a "perfect" sample of misuse of our English language. Consider the letterhead of a club already incorporating the word Master in its name, viz Adelaide Masters (Australian Union of Senior Swimmers International Master Swimmers of Australia). That, Sir, is not worth one, but a box of raspberries!

I am rather proud of being an "AUSSI" and take delight in explaining the meaning and the benefits we derive from being simple AUSSIs to anyone.

One would have thought that just because adult swimming clubs in some other countries, such as the USA, call themselves Master Swimmers is hardly enough reason for us to do likewise. I hope the motto "all the way with L.B.J." is not applicable to a sporting organisation — particularly Aussis.

Looking up the word "Master" in the Oxford Dic-

Atmosphere. Well Stocked Bottle Department

1 Moncur Street, Woollahra, NSW
Telephone: 32 1100

tionary confirms my belief that very few of us would have the dexterity to call ourselves "Master Swimmers".

Furthermore, the concern apparently expressed that we as Aussie could be confused with a commercial enterprise is rather nonsense. I suggest you look up the number of businesses in the 'phone book under the heading Master. In Melbourne we list some 40 odd Master — this or that, ironically only 8 Aussie enterprises!

In conclusion, I can only assume a small pressure group is ashamed of being called Aussie and has railroaded the National Council in taking an utterly unconstitutional step. I am very pleased indeed to add a number of signatories, members of Ron Faulds Aussie Club, who like myself, wish to express their concern in relation to the change.

Yours chlorinated,

W. Bierenbroodspot

I have posted an answer to Mr Bierenbroodspot's letter which answers each of his points in detail and clearly demonstrates that all actions taken were in accordance with the National Constitution. What has happened is that this matter was apparently not discussed by his Branch, but the National Executive cannot be held responsible for that.

The constitutional name of AUSSI is now — "AUSSI Masters Swimming in Australia" a name which has been adopted for political and practical reasons as pointed out to the branches. However, there is no reason why the terms "AUSSI" and "AUSSI Adult Swimming" should not continue to be used for publicity and promotion. Our previous official name was the "Australian Union of Senior Swimmers — International" but this did not stop us from calling ourselves "AUSSI".

W. Bierenbroodspot's letter reinforces my previous comments that in 1981 we must concentrate on communication (that is a two-way flow of information and an indication that it has been received, read and understood). It also demonstrates your final line of recourse as a member of AUSSI. If you are frustrated at club or branch level you can always write to the editor to air your views.

Please Note: Final event on Pan Pacific Programme has been changed from six continents Relay to 200m Mixed Medley Relay (Club teams).

NOTE WELL!!! re change of addresses —

Please send registration number plus name and new address.

The National Executive

by Carol

The National Secretary has stated he believes those people elected or appointed to positions within our organisation should not be faceless, but known to all members. Mind you there are some mornings when being faceless is preferable to what I see. However, I concede he has a point, but what to write? Some of us seemed a little shy when I suggested, "Tell me all about you" then produced my pen and pad ... So with scant information, imagination and for those astrologically minded let me introduce

Note Well: Anyone who aspires to any of the Executive positions please have autobiography well prepared.

'PETER'

Mr President: Peter Jackson

Born 9th August, 1938

"Leo the Lion" (Naturally — born to lead).

Is married to Maxine, they have three sons, twins Carl and Andrew 15 and Benjamin 9.

Peter receives due homage from us all as we refer to him as "El Presidente" mainly because he is always found under a large Mexican sombrero at all carnivals.

Swimming training for Peter began with a year with Val Green then a further 2 years with Forbes Carlile. In 1956 he was a State finalist in Freestyle, Butterfly and the Individual Medley and hit the "gold" as a member of Drummoyne ASC's Medley Relay Team.

WELCOME HERE

Peter began swimming with AUSSI at the Manly Club, then in 1980 he transferred to Coogee/Randwick, where he still swims on club nights. However, he trains closer to home, often with old coach Forbes Carlile's squad. His dedication to fitness is evident, as he was the gold medalist in his age group at the 1979 Nationals in Sydney and the 1980 Nationals in Adelaide and just missed out on being a winner in Perth this year.

In 1977 Peter was elected to the NSW Committee as Minutes Secretary, and also the National Committee. In 1978 he was elected National President, a position he has filled very ably, in fact so ably that in September, 1980 the NSW Council of Clubs persuaded him to stand as NSW President, he agreed and was elected unopposed.

These days Peter enjoys all the "S's" — swimming, surfing, sailing, skiing (on water and snow), sunning, sleeping, however he refrains from . . . singing. (Yes folks, Peter would never tell on anyone).

As President, Peter aims to guide AUSSI on a balanced path which reflects the aims and aspirations of the majority of the members.

'GARY'

The National Secretary: Gary Myles Stutsel

Born 13th February, 1939

(Aquarius — The Water Bearer)

Married to Audrey, they have three children, Matthew (11), Melissa (9) and Melanie (6).

Gary is known to us as 'Super Gary the Boy Wonder' because he really is so clever. Gary's swimming background is extensive, he didn't name the coaches he trained under as they were numerous, and it stands to reason they all contributed in the making of a champion. Gary was NSW State finalist in individual and relay events from 1952 to 1962. 1960 was a big year, when he was State 100m Breaststroke champion — 3rd at the Nationals and 3rd in the Olympic trials. Add to this list the holder for many

years of the Breaststroke record for the Sydney and Australian Universities. Despite these individual records, Gary's best efforts were always team ones, when he swam in relay events.

Gary has been National Secretary of AUSSI since foundation. His drive, dedication and enthusiasm has been the main reason AUSSI has developed to its present status. He was, and now after a few years rest is, the current NSW Branch Secretary. Instigator and compiler of the first 'Top 10' (Who said we don't create our own monsters?). Editor of the first two Year Books, and co-editor of the 3rd, he has really had a hand in everything.

Before the establishment of clubs, Gary swam for the St. George region, then as clubs developed he transferred closer to home to the Cronulla/Sutherland Club, when it was unofficially the Como Ladies (Ladies club? that's our Gary). Desperate to swim in the men's relay events, in 1980 he transferred to Coogee/Randwick. However, it wasn't long before he found that he missed 'the girls' who always attended his breaststroke classes. So then applied for a transfer back to his old club where despite one lady's suggestion that he be made to grovel, he was more warmly welcomed than any prodigal. Nowadays at Cronulla still surrounded by female adulation, he is resigned to swimming only in mixed relay events.

A firm believer of everything in moderation, (he wrote that line, not me). With his background in the health field, and as a follower of Coopers Aerobics, Gary believes that no swimmer should attempt to do anything he/she is neither physically nor mentally prepared for. Although a keen competitor who enjoys hard competition — Gary sees as a priority AUSSI placing more emphasis on the physical and emotional benefits of swimming.

'MARY'

member, served first as NSW Treasurer from 1975 till November 1979, became National Treasurer in 1976. Mind you, we call her old "Scrooge MacConnolly" because she's pretty good at getting the money in, but just you try and get her to spend some. Actually by her own admission her favourite name these days is "Nan" as Mary has the most delightful 18-month old granddaughter, Fiona.

Mary's all consuming interest in her early years was ice skating, I hear she was very good indeed, but she is far too modest to say so herself. Through husband Des' influence Mary became a keen water skier, and during the early sixties was one of the first lady barefoot skiers.

Due to illness Mary was advised to try swimming, it wasn't long before she was as proficient in the water as on it. During the '76 and '79 AUSSI tours of the States she was in the winner's circle, bringing home medals and ribbons.

Mary began her swimming at South Sydney Juniors, then was a foundation member (you've guessed it, treasurer) of Coogee/Randwick (NSW) with whom she still swims. Constant good health has not been one of Mary's blessings, often she has been forced out of the water, only to return stronger than ever. Like many other members of AUSSI she only feels really fit when swimming regularly.

While she is National Treasurer, Mary aims to encourage AUSSI to a state of financial independence so our aims and objects may be obtainable.

'DES'

National Director of Fitness & Coaching

Des McCormick, born 7th December, 1929
(Sagittarius the Archer)

Married to Rita with a son Liam (11).

Our very own "wild Irishman", who like most from the Emerald Isle, has kissed the Blarney Stone. Anyone who hasn't been "marshalled" by Des' dulcet tones just hasn't been marshalled.

Des began swimming in 1945, was swimming competitively by 1946 up until 1955 when he turned professional. Coaching was his full time occupation, 10 hours a day 6 days a week, 12 months per year. During this time he was involved in all aspects of coaching from sprint to marathon swimming and water polo. Two of Des' pupils are now international coaches, Nigel Kemp and Dave Hallen.

When Des came to Australia he was again involved in coaching, and has trained finalists for the National Junior Championships in Breaststroke and Butterfly. His own interest in competitive swimming was rekindled when he joined AUSSI.

Des swims with the Hills Club (NSW) where he is an active member. His involvement with AUSSI has been as a committeeman, then State Secretary with the

NSW Branch, and committeeman with the National Committee. He is currently National Director of Fitness and Coaching, and author of the Coaching Manual.

Today it is very important to keep fit, mentally and physically, and Des feels AUSSI can offer everyone that opportunity. He wants AUSSI to be an organisation which can cater for the needs of all members, whether they be top competitive swimmers or those who wish to keep fit by swimming and having fun. He reasons that given achievable goals, healthy minds and bodies are the end result.

'CAROL'

The Editor AAS: Carol Ann Davis

Born 9th September, 1943
(Virgo the Virgin)

Married to Ronald with three daughters, Bronwen 12, Fiona 10 and little Kate (Karen) 7. Whatever she is known to the others as, is probably unprintable.

Carol played the usual school sports, she enjoyed herself, but played without any distinction whatsoever. On arriving in the big city she became a dedicated watcher of tennis, cricket and football, but wasn't game to get involved for the fear of starting off an asthma attack.

Carol rather enjoyed being involved with Amateur Dramatics and Musical Societies but gave it up due to husband Ron's influence, as he used to die of embarrassment everytime she wafted onto the stage.

In 1974 when Bronwen and Fiona were taught to swim by the Como Ladies, Carol decided to have a go herself, she found she could float successfully, which was just as well because after a 50m swim, float was the only thing she could do. In 1976 she was talked

into going over to Harbord, on seeing other swimmers flashing up and down the pool, she immediately decided to go home, however, as no one would take her she stayed. Unfortunately as she completed a gruelling

25m breaststroke some idiot applauded her. Suffice to say the 'old ham' rose to the occasion and declared she would return next year to do better things.

From March '76 to March '77 Carol did continue to swim. during this time she found she had fewer asthma attacks, needed less medication and began to enjoy life more. On telling Gary Stutsel her good news, he mistook enthusiasm for talent and invited her along to some meetings, where somehow she was appointed NSW and National Publicity Officer. In 1978 she was elected to Committee as Publicity Officer until the idea of a magazine became a fact, then she was appointed editor of AAS in November, 1979.

These days Carol still enjoys watching sport especially her favourite footie team (The Sharks), plays tennis, netball and sails whenever possible the family catamaran.

Carol hopes through the magazine to establish communication between members, clubs and executives as where there is communication there is an exchange of ideas, and where there are ideas there is growth.

State News

NEW SOUTH WALES

State Cup North Sydney Pool — 4th April, 1981
by *Carnival Director, Frank Sykes*

A day to remember. It rained and rained but it could not dampen the spirit of AUSSI.

This was the largest one-day carnival ever conducted by AUSSI.

Special thanks to those members of St George, Western Suburbs, Lane Cove, Hills, Manly, Cronulla, North Sydney, Blacktown, Hunter and Ettalong clubs and to Alf Sparkes and his fellow NSWASA workers who worked right through the day and a special thanks to those who carried on until we determined the results.

The pool management and the kiosk operator (North Sydney member Peter Joy) were most co-operative and I thank them for this.

Finally congratulations to the winners Ettalong and the runners-up Manly (2nd) and Coogee-Randwick (3rd).

Outstanding individuals were Ed. Walther (5 national records), Bess Barrie (3), Keith Little (3), Jack Campbell (2), Ethel Sargent (2), Pam Hutchings (2) and R. Linford, R. Thornley, C. Bond, H. Rees and E. Watson (one each).

Finally congratulations to Ettalong ladies 35+ medley relay team who broke the national record at a special trial during the lunch break.

Ed. Walther (Manly Club), 5 national records.

of WA and boasts a swimming pool that would be the envy of many a club. Our State President, Frank Mongan, flew to Esperance to help get them off the ground and several WA members are planning an Easter visit for a swim there.

Meredin AUSSI is some 259km from Perth and at the moment has only 3 members. One of these, Lyn Hooper, was one of the first members of WA's first club 'Carine'. On leaving Carine because of a transfer to South Hedland, she began that club, which has a thriving membership of 45 today. Now a third move and a third club. If we speak nicely to her husband's boss, we could manage transfers and clubs all over WA.

Speaking of transfers brings a reminder of an impending move from Perth to Kununurra of our WA State Director of Fitness and Coaching — Kay Cox. Kay has been a member of the AUSSI Executive in WA since its formation. We will miss her face at meetings, but hope she will continue in her position as her loss would be sadly felt. Personally, I know how hard this move (to the top of WA near the Northern Territory) will be for someone who swims miles and miles at every opportunity — to a town without a pool. She's already the fastest lady at the Bunbury Swim Thru, perhaps after swimming in the Kununurra river area or dam with the crocodiles, she'll become Australia's fastest lady.

Finally, it might be of interest to other States to hear our plans for interclub carnivals. After a meeting of all clubs it was decided on a trial form of competition for a trial year. In WA with over 500 members, no one wanted to hold interclub carnivals because of the work and numbers attending. So now, in a designated week of May, July, September, November and January at three venues, three clubs compete at each venue on a set programme of 'Top 10' events. Clubs voted against pointscoreing at these carnivals. A club representative just arrives half an hour prior to start of programme with all his club cards in event order, seeded slowest to fastest.

At present the October long weekend in WA is designated for a carnival 'fitness and fun' weekend for all WA clubs at South Hedland and February and March/April is set aside for State and National Swims. Plans will include country clubs into the State Swim by swimming the same programme in their area and phoning the results through.

That's all from WA for now.

Regards,

Glenys McDonald

VICTORIA

Report on Victoria State Titles

The Venue: Melbourne's new State Swim Centre
The Time: Saturday, 21st February, 1981 — 9.00 a.m.

Victoria AUSSI's third State Titles were about to get under way.

President Danny Smith was busily informing all present of the day's activities over the PA system ably assisted by David Gordon.

The weather was warm, the water temperature spot on. North Lodge coach, Ray Vasey, was at poolside putting his charges thru their warm up paces and Power Points' Richard Campion was making the water froth on the other side of the pool. Banners were erected which showed the presence of visiting clubs from Canberra, Corryong and Osborne Park, WA.

The VASA officials cleared the pool and began marshalling swimmers to commence the meet. That was to provide some fine individual and team efforts over the day.

Unlike previous years, this year was to be a whole day affair, brought about by the increase in number of clubs and swimmers competing.

Finally, we were under way with the 400m events and it was obvious that the State Executive, with the establishment of a carnival committee, were much better organised than in previous years (still some work to be done on the marshalling aspect).

As in previous years, wives, relatives, sweethearts, etc. were willing timekeepers and the children of swimmers enthusiastic runners with the time cards etc.

After the 400m events, things really flowed along, with races being despatched on a regular basis and what with the better organisation, an official "lunch break" was declared by President Danny.

Records were being established on a regular basis also and as the names were announced it was obvious we had an influx of new stars in the various age groups.

A quick check with the recorders during the afternoon revealed that the strong clubs of Power Points and North Lodge were again to fight out the points for the 'trophy' although they weren't getting it all their own way. New club 'Ron Faulds' was making its presence felt and North Lodge were concerned about their colours being lowered, as the day wore on, as they had been weakened by the loss of members to the new clubs of 'Diamond Valley' and 'Ron Faulds' as well as several of their top younger swimmers being away in Adelaide at the Water Polo championships.

Again the after-swim function was held at the Olympia Room and again it was obvious that there had been better organisation, as clubs took up positions at tables and calmly awaited the entry of the food and drinks.

President Danny was introduced to those present by David Gordon, who had done a marvellous job of announcing during the day and the presentations got under way after Danny had read us his speech, especially prepared for the Minister of Sport in Victoria, Mr Brian Dixon, who didn't show up for the presentations despite his earlier acceptance. Danny

Wishing the swimmers all the best

was ably assisted with the presentations by State Secretary, Barb Wilson.

This year saw the presentation of a magnificent trophy, for the club winning the aggregate points score, which was generously donated by Cadbury Schwepps. It was won by North Lodge from Power Points and new club 'Ron Faulds' and on hand to present it was Cadbury Schwepps Sales Manager, Barry Williams.

Graham Middleton from Corryong was declared the outstanding swimmer of the meet and rightly so, as he set records in five of the six events he swam in. Congratulations Graham.

And so another happy 'Fitness & Fun' affair gradually drew to a close. The North Lodge mob, joined by a couple of 'Ron Faulds' stayers, were again last to leave, taking with them Jan McLeod from the Sydney Coogee/Randwick Club, who had again come down for the Victoria meet.

Unlike last year, not a lot of after-swim frivolity appeared to have been planned and the only item that came to hand was that we understand North Lodge's Tony Nott can handle himself fairly well, when outnumbered by the opposite sex. We understand he took eight lovelies to the Riverside Hotel after the presentation function and had a great deal of trouble organising the cake and coffee in the bar. Eventually we understand he got some help from Warwick Mahoney and a group of 'Ron Faulds' swimmers.

John Robertson

SOUTH AUSTRALIA

The last SAASA long swims for the 80-81 season are over but AUSSI participation is well established now and will continue to grow in the future. Delfin Island's 5 - 800m course attracted many individual swimmers and a number of relay teams (one a combination of members of two clubs — a great example of AUSSI spirit where Di Simons of Adelaide Masters filled in for an absent member of Central Districts so they didn't miss the opportunity to take part). The individual winner was Greg Bush of Atlantis, followed by Rob Blair and Steve Walker, both of Adelaide

Masters. Adelaide Masters relay team of Mike Brennan, Jenny Giles, Linley Allen and John Klunder won the relay event.

The "Swim Thru Adelaide" this year was transferred to West lakes, where clear salt water (in spite of choppy conditions) made the swim faster and more enjoyable for the hardy AUSSI participants. Rob Blair finished the season well with a clear win and Vicki Murphy (right at home in the salt water) not far behind, in second place. A contentious issue arose when Jean Gillett raced her husband Peter to the finish! While examining film clips after the event it was clearly obvious that interference occurred as she attempted to overtake him. Undaunted, Jean broke through and touched first — however, a faster time would surely have resulted had not this unfortunate incident occurred!

Central Districts membership continues to grow and their participation in a variety of activities, barbecues, champagne breakfasts, more barbecues, long swims, US "1 hour" and "Superswims" barbecues, AUSSI Award Swims, City Mutual Awards, snorkelling, life saving, water polo and to finish off — a barbecue! What else? Of course — under water hockey!

The Atlantis Club hosted the first of SA's "official three" interclub meets for the year on Sunday, the 12th of April. They are to be congratulated on their thorough planning and wide member participation in the running of the carnival, and the social get-together afterwards. The results were predictable: Adelaide Masters well in the lead, followed by Atlantis, then Marion, Tea Tree Gully and Central Districts — but with two meets to go and lots of determination by one of the smaller clubs (?) anything could happen. An official presentation/dinner will be held at the end of the year with clubs and individual trophies being presented for highest points scored overall.

The 2nd of May is the date of departure for our first country carnival. Bordertown is the venue, and Tom and Margaret Kreuger our hosts. Tom, a highly reputed coach in the area, has been stirring up interest in AUSSI in the area for some time, so we are going down to convince them that it's even better than they've heard. In our efforts to equal the high standard set by the "sandgroppers" camping in the classroom during their stay at Port Hedland, we've hired the local hall, in the Main Street no less! — Part 2, next issue.

Finally, congratulations WA — Glenys, I really felt for you. Particular thanks to all the drivers who transported us back and forth, with running commentaries to match the best tour guides, and all the other committees whose organisation made the meet the success that it was.

Patti Morris

Queensland State Titles

The fifth State Titles and Queensland Club Championships were held on 22nd February at the Valley Pool in Brisbane and Aitkenvale, Townsville.

False starts and illegal strokes were controlled and detected by QASA officials to whom we are very grateful.

The growth of AUSSI in Queensland was shown by the increased number of competitors and new clubs. Last year eighty individuals nominated from five clubs compared with 140 this year from 12 clubs of which nine are new. An encouraging feature was the number of more seasoned and experienced members competing. Despite the Valley Club's youthfulness it still managed to clinch the 'Gold Coast Trophy' for the most senior swimmer with Fred Richards at 80 being their valuable veteran.

Competition is getting stronger each year with only tenths of a second separating placegetters within events. Winners of the City Mutual Perpetual Trophy for the club which scored the highest points was the Valley Club, while Aitkenvale and Trisports were placed second and third respectively. We suspect the winners have been taking extended lunch hours to practice their dazzling dashes down the pool.

Our travellers from the north, Frenchville (Rockhampton), were rewarded for their arduous journey by Margaret Grant's national records. It is hoped they will return again next year in force.

Typical Queensland weather brilliantly dominated the day which was concluded with a loud round of applause in the form of a thunderstorm.

AUSSI Queensland is grateful to City Mutual for their continued support.

Elaine Collier

A.C.T.

Canberra Adult Swimming Club is about to launch a promotion to publicise AUSSI in the ACT. As the ACT is now independent from NSW we would like to see more clubs formed here. The Capital Territory Health Commissioner will be assisting in the promotion.

Several club members were successful in the Nationals and State Cup carnivals. Helen Rees was 1st in her age-group (35-39) at both meets and Judy Ford was 3rd in this group at the Nationals. Gaynor Stark won the Women's 30-34 at the State Cup and Brian Green and Robert Lindford were 3rd in the Men's 35-39 and 30-34 groups. We hope to send a large contingent to the Pan Pacific meet in September, and all hope to improve on past performances at that carnival.

Helen Rees, Gaynor Stark and Julie Gregory swam a combined distance of 11,705 metres to come 2nd in World placings in the One-Hour swim, in the 25+ age group. This improves on the 4th placing of 3 years ago.

Our Club will be hosting the Council meeting and National Coaching Seminar being held in Canberra in August, and we will be happy to provide accommodation for those attending.

Peg Townley, Club Publicity Officer, recently attended a Sport and Media seminar conducted by the NSW Sport and Recreation Department. Members of local press, radio and television addressed the gathering on methods of gaining publicity for clubs and listened to our problems concerning this. This is an area of concern to us, as publicity is very hard to come more receptive of our efforts to spread the word in Canberra.

Don't forget the Canberra carnival over the long weekend in January, 1982. We can provide accommodation and guarantee a good time for all.

The National Swim

by Carol

PERTH, 1981

7th National Swim and Australian Club Championships
Beatty Park Aquatic Centre — North Perth
13th - 14th - 15th March, 1981

The biggest, best, friendliest, these are just some of the adjectives used to describe the 7th National Swim. Yes it was our biggest to date, and Beatty Park proved a superlative venue. AUSSI WA and WAASA did a great job of organisation, and Perth must surely have turned on its sunniest and friendliest face.

Thursday night saw a friendly, 'Welcome to WA' barbecue at Cottesloe Surf Life Saving Club, setting the mood for the carnival. An official welcome to Perth, to representatives of all clubs by the Deputy Lord Mayor at Council House followed on Friday morning.

The Annual General Council Meeting of the National and State representatives was held on Friday afternoon at Beatty Park. Your National Executive for 1981/82 was elected/appointed, they are:

President: Peter Jackson (Coogee/Randwick NSW)

National Secretary: Gary Stutsel (Cronulla-Sutherland, NSW)

Treasurer: Mary Connolly (Coogee/Randwick, NSW)

National Fitness and Education Director: Des McCormick (Hills, NSW) and

AAS Editor: Carol Davis (Cronulla/Sutherland, NSW)

The swimming began Friday night with the 400m freestyle, an extremely popular event, as our faster swimmers discovered when they swam their heats as most others were tip toeing into the 'Land of Nod'.

A very full day of swimming followed on Saturday with a break for the arrival of the Premier of WA, Sir Charles Court, accompanied by Lady Court. Sir Charles declared the carnival open, stayed to watch a number of events, then had morning tea with State and National officials.

Sunday morning, the final two individual events, followed by some exciting relay clashes. The point score was so close that until the final relay, it was

stroke for stroke. Congratulations go to the top club, Osborne Park, WA closely followed by Melville, WA. Last year's winners, Adelaide Masters, put in a strong challenge and took home the Visitors' Trophy. North Lodge again took the honours for Victoria, so did Etalong for NSW. Special mention must go to the Queenslanders and it was Frenchville (Rockhampton) who top scored for that State.

There were some excellent record breaking swims, all noted on the print up of the individual results. However, the outstanding swimmer of the meet was Helen Rees from Canberra, ACT in the women's 35-39 age group. Helen set 5 new national records and came within two strokes of setting a sixth. Vivienne Cherriman (70-74) from Melville, WA broke two existing national records and set three inaugural ones. The men trailed the ladies, with their best being three new national records each to B. McCabe (60-64) from North Lodge, Victoria and E. Williams (70-74) Claremont, WA.

The Presentation Dinner on Sunday afternoon at Macedonian Community Centre, organised by Trevor Beal saw a feast of goodies and liquid refreshments. Frank Mongan, WA State President, as MC introduced Kay Cox, the carnival co-ordinator, and National President, Peter Jackson, who both kept their speeches short so that presentations went ahead with presentors, Fred Johnson, Gary Stutsel, Mary Connolly, Glenys McDonald and Carol Davis.

Helen Rees, Canberra, ACT — 5 national records.

So the 7th National Swim concluded with congratulations to the winners, commiserations to the losers, and with many who had attended their first Nationals a determination to make it to Sydney in 1982.

NATIONAL SWIM 1981 IN PICTURES

Scenes from Betty Park.

President Peter Jackson flanked by National and WA State Executives welcomes Sir Charles and Lady Court.

Enjoying the swimming, the Premier and Lady Court chat with Peter Jackson, Glenys McDonald and Carol Davis.

What was National Sec. Gary whispering (??) to State Sec. Glenys? Carnival Director Kay Cox doesn't seem impressed.

"Off the Blocks"

A notable 'nasty' at swim meets lately has been a tendency for some swimmers to submit times much slower than their current times. This practice was most noticeable at our Nationals and the recent NSW State Cup. What advantage is there in doing this? It soon becomes obvious when a swimmer hasn't submitted a true time, and a quick cross check with the 'Top 10' will often verify this.

When encouraging new people to swim with us at carnivals we assure them that everyone is graded, and they will swim in heats with others of about the same ability. We have enough rules to observe when running our meets, do we need more now to cover this situation?

Carol

THE TIMEKEEPER

Part 2

by Jim Williams

Let us finally look at the responsibilities and duties of the Timekeepers in relation to the responsibilities of the Referee.

The Referee must insist on uniformity of operation: i.e. to take times and return to seats when times have been taken and then determine official time while seated — do not go into a huddle on the concourse.

On occasions the Timekeepers may be directed by the Referee to give a lap call at each 100 metres in events of 400 metres or longer. The call is to be given clearly as the competitor turns and the head is above water.

Where lap counters are used the Timekeepers will operate these as directed by the Referee through the Chief Timekeeper. The Referee and Chief Timekeeper

are to arrange adequate time for watch checks, especially at Meet sessions where distance events are to be conducted. Allow the following APPROXIMATE times for checks:

Up to 400 metres	5 minutes
Up to 800 metres	10 minutes
Up to 1500 metres	15 minutes

Arrange for the CHIEF TIMEKEEPER to be in approximately the same position for the commencement of each race so that a clear signal can be received by the Referee and so avoid delays at the start. The actual position should be chosen to suit the Referee in relation to where he stands at the start of a race.

Stress that manual times be recorded and submitted for each race with a minimum of delay — this is most important in the event of the timing machine malfunctioning.

Ensure that all timekeepers are aware of their role in conjunction with the operation of the machine.

Stress the role of their importance as officials and the need for accurate manual times and attention to their particular task on all occasions.

Where there is a failure or an apparent failure of the machine, the manual times become official times for one, some or all competitors.

The above notes cover the duties of the timekeepers in relation to the New South Wales Amateur Swimming Association Meets. It is hoped that these notes will be of advantage and assist those studying for examination to complete the paper satisfactorily and gain the credentials for which they are aiming.

** ** *

It is suggested that the Rules of Swimming detailed in the New South Wales Amateur Swimming Association Swimmer's Digest should be studied in conjunction with the above notes.

1981 'TOP 10'

Season ends 30th November, 1981

Send **ONLY TIMES** which would have qualified for 1980 'Top 10' (see March AAS). That is times faster than the 10th time in 1980, but all times recorded where there were not 10 times in 1980 list.

Each **CLUB** is to forward times recorded by the club for its own members and visiting members of other AUSSI clubs to reach the STATE BRANCH RECORDER by the 7th December (send earlier if requested).

STATE BRANCH RECORDER will send no more than 10 cards for each event to the **NATIONAL OFFICE** by certified mail.

Gary Stutsel, National Secretary

The following times posted for 1980 Top 10 were not received by the Recorders:

LANE COVE

Name	Age Grp.	Stk.	Dist.	Time
