ROUGH IT WITH SPEEDO®

Rough water swimmers count on Speedo nylon swimsuits...race after race.

Waves! Sand! Sun! And salt water! Not to mention all the pulling and grabbing taking place during a rough water race. All are tough tests for swimsuits. Swimmers need a suit they can count on. And, when they choose Speedo suits, they can count on:

- **Durability.** Speedo nylon swimsuits are made with 100% long lasting nylon and our famous, maximum strength seams.
- **Good Fit.** A suit which hugs the body and which minimizes drag and resistance.
- **Comfort.** This is important, not only for races, but also for a swimmer's long hours of in-the-water training. Speedo swimsuits are designed to eliminate chafing. And, they are extremely fast drying.
- **Appearance.** Looking like a winner is one part of becoming a winner. Speedo has long been the world leader with the largest selection of the latest colors, prints and panel combinations.
- **Confidence.** Swimmers know that, when they wear a legendary Speedo suit, they can concentrate on winning.

That's why experienced rough water swimmers choose Speedo nylon swimsuits— year after year, race after race.

SPEEDO®

Speedo suits America!
