PRESIDENT'S REPORT

This past year, an important one for AUSSI, has been of experimentation and achievement at the administrative level.

The experiment was to operate with an Executive split over four Branches yet meet in person only on two occasions. The split Executive was not without problems as you will read in the Secretary's Report and in the Treasurer's Report you will see that it wasn't inexpensive but phone costs were much less than air fares as experienced by other like National organisations. The benefits of the split

Executive included

- it's less taxing on any one Branch
- there are more people to select from
- you get a more representative National viewpoint.

On point three, it took only a short time to lose the parochialism and think National, yet still retain the feel towards National from your own Branch's point of view. The Executive were from four Branches yet close contact was made with the others with ACT having recently conducted a Nationals, Tasmania with developments towards an Australian Masters Games in '87 and Queensland firstly for their bid and now being granted the '88 World Swim.

The major credits of the year go to the two girls on the Executive, who served you extremely well. As many of you would know, our financial status became an embarrassment, through no fault of any individual, nor individuals, but when we came close to running out of money, it became evident that change was necessary. The change was designed by several but I would in particular like to single out Robin Sweeney for his help in pointing us in the new direction. The plan was one thing but the ulcers in the implementation were inherited by Beryl Stenhouse. Her careful attention to detail enabled us to recover to the knowledge of our financial status at all times. She didn't create money for us but her management sure helped.

Much of the financial recovery was due to the many hours of voluntary contribution by Glenys McDonald. Much of the clerical work is now by paid staff but we owe a great debt to Glenys for the initial start up period and the on-going contributions are quite evident when you read of the year's achievements in her report.

The area of Fitness and Coaching had a few hiccoughs but we are now well underway with a Coaching Accreditation Scheme. There are many who have been involved but I would particularly like to thank Kay Cox for her interest, concern and efforts in formalising Level I of the Scheme. Again, through the efforts of many, but in particular the members of the NSW Technical Committee, we were able to adopt our new Rules, the foundation of which was put down by the previous National Technical Committee. We have a new Fitness and Coaching Director and I must quote Dick Campion's response when we asked if he was to re-nominate "I have to — I still have the L plates on this phone".

Two major jobs being carried out each year now, but probably do not gain the recognition warranted are the

compilation of the Aerobic Trophy results and the Top Ten. Both, I believe, are extremely important documents in that they show the "depth" in our elite; that is to be recognised for a point towards the Aerobic Trophy or to make it to number ten is as important for an AUSSI as gold at the Nationals. Thank you Fred Johnson for taking on the onerous task of Aerobic Trophy Recorder and a special recognition to Peter Gillet, his wife Jean and Florence Walker in producing a finished product Top Ten before the end of January. To save costs, the compilation and stapling was done on the Gillett dining room table.

We renewed our membership with CAS (Confederation of Australian Sport) and I attended the AGM in Melbourne. Close contact with this body is important because of the upsurge of interest in Masters/Veterans sports. A number of

sources are seeking to conduct combined sports games and we feel it is in our interest to declare our desire to participate or not before these people take too much for granted.

Particularly because of our growing involvement in international matters, we have sought to establish closer relationships with the Australian Sports Commission and associated bodies. We are going to need more in the way of grants and expertise for the future, so much correspondence has gone their way from our Secretariat.

Thanks to the too few people in the ten years who built a very fine organisation, I have been very proud to have been given the opportunity to see it through its eleventh year. The exciting part is that when you look at the plans for the next three years, we are just beginning.

IVAN WINGATE
President

SECRETARY'S REPORT

It is with pleasure that I present to you the Secretary's Report at the conclusion of the 1985 season. As I did not take up office until April 1st most of my comments are related to the past nine months. I would like to thank the previous Secretary, Mr Brian Hird and the NSW office for forwarding to me all relevant material to facilitate in the changeover of the Executive.

1985 therefore, can only be described as the year of change. For the first time in our history our Council elected a National Executive spread over different Branches. Monthly meetings were to be conducted by conference phone hook-up and the National office changed in structure and venue.

Perhaps it would be reasonable to think that due to this change AUSSI would need time to re-organise and consolidate. However, on assessment, an incredible amount of work has been achieved since that change took place.

Points of interest include:-

- Lifting the finances from a nett loss of \$7,456.00 in 1984 to a nett profit in 1985 of \$19,575.50.
- Negotiation of approximately \$12,000 sponsorship for the 1986 season.
- Adoption of the AUSSI Rules.
- Initiation of a "Guide for AUSSI Referees" booklet.
- Order of the "AUSSI Handbook" which will contain the Constitution/By Laws and Rules.

- Production of a redrafted and expanded National Swim Guide.
- Redrafting and production of relevant AUSSI forms.
- Final moves for the adoption of a National Coaching Accreditation Scheme.
- Establishment of close links with the Australian Sports Commission, Confederation of Australian Sport, the Federal Government, Masters Swimming International and Australian Swimming Incorporated.
- Affiliation with Australian Swimming Incorporated.
- Incorporation of AUSSI.
- An increase in inwards and outwards correspondence.
- The commencement of the Speedo Postal Relay.
- The production of an interim National Newsletter.
- The presentation of the first life membership of National AUSSI.
- The clarification and re-negotiation of Insurance policies.

The National Executive met monthly by interstate conference phone hook-up, which has proved a very effective and efficient means of communication. Initially clarity, particularly in bad weather, was a problem but now with the use of the International Exchange, and provided Ivan remembers to press his "privacy" button, we can communicate as well as any "normal" meeting. To cut the time and cost of these meetings it is important for reports and relevant material to be on hand prior to the meeting. Des McCormick, the National Coach resigned in September and was replaced by Dick Campion who did not take long to get into the swing of our meetings. Time lapse was also of interest, particularly during daylight saving — 5.30 pm in Perth was 8.30 pm in Sydney. One executive meeting was held in person prior to the September Council.

The National Council met on two occasions in March and September and two delegates represented each Branch of AUSSI. I would like to congratulate all the delegates for the professional way they approach these meetings and the way in which they are prepared to debate, compromise and work for the best interests of AUSSI.

Important items debated in April included:

- The Colourscene magazine "Swimming in Australia".
- The sponsorship offer by Colourscene to produce the 1984 Top Ten.
- The state of AUSSI finances.
- Point allocations for the National Swim.
- Planning, reviews and affiliation and,
- The 1988 World Swim.

The September Council met in Sydney and by far the most important issue to come from that Council was the final adoption of the AUSSI draft rules.

Other discussions and decisions included:

- The setting of fees and pro rata fees for 1986.
- The election of a new Director of Fitness and Coaching.
- Affiliation with Australian Swimming Incorporated.
- The 1988 World Swim.
- Certificates for placings in individual events at National Swim Meets was discontinued, and
- We adopted National club codes and the registration of club logos was commenced.

THE NATIONAL OFFICE

As previously stated the concept of the National Office changed with the election of the new Executive in March. In the past the National office has been shared with the NSW Branch and the two jointly employed office staff who worked part time Monday to Friday to handle the workload of both groups.

On taking up the position of National Secretary an office and separate telephone line was set up in a room of my home, together with conference phone, filing cabinet, typewriter, etc. A Post Office box number was obtained.

In the first months of assessing the workload I managed without any clerical assistance. The other reason for this was to consolidate our funds as a nett deficit had been forecast.

Towards the end of the year I was in a better position to delegate the clerical duties and Marilyn Deniet joined our staff. It is planned that in 1986 she will work 4-5 hours each Monday at the office and increase her hours during busy periods. I wish to thank Marilyn for the assistance she has given me.

An answering machine is available on the National phone and if a message is left I can return the call the same day. Not many calls have been recorded although some people do not leave a message.

HIGHLIGHTS FOR THE 1985 SEASON SWIM MEETS

The most obvious highlight was the extremely successful 11th National Swim in Canberra March 13th-16th. For such a small Branch of AUSSI to present such a wonderful swim meant that many hours of preparation was done by a very small band of workers. My sincere congratulations to each and every one who contributed to this success, particularly Meet Director Robin Sweeney. (Placing results and details of record breakers appear later in this Annual Report).

In August 1985 some of our members travelled to Toronto in Canada to become part of history at the inaugural Masters Games. All who went enjoyed the spirit of the Games and many AUSSI's came home armed with medals, not only for swimming but for other disciplines as well.

The future seems to indicate that Government support and pressure will be forthcoming for this type of multi-sport event. While appreciating the value of the tourist dollar to the host State or Country, AUSSI needs to decide how much participation is warranted and be involved in decision making in this area. For example the Masters World Swim has been granted to Brisbane Australia in 1988. The date is yet to be decided. The Government are also considering conducting an International Masters event in that same year. Obviously some type of communication is required.

LIFE MEMBERSHIP

1985 saw the granting of our first Life Membership. Gary Stutsel needs no introduction to members as his contribution to AUSSI over the years really has filled the criteria of "sustained excellence". Gary was presented with a gold lapel badge and a bronze certificate and I am sure he will treasure both with pride.

COMMITTEES

AUSSI could not function without the very many willing workers at club, Branch and National level. Bob Foster joined this brigade during the year and I am sure you have enjoyed reading his articles on AUSSI in the "International Swimmer".

Peter Gillett, as always, attends to his duties as National Recorder with enthusiasm, efficiency and dedication. I am sure no-one, other than his wife Jean, is aware of just how many hours Peter dedicates to AUSSI. After completing the 1984 Top Ten on time, it was disappointing for him, when circumstances outside his control affected the distribution. He excelled this year with the 1985 Top Ten being ready in January.

Fred Johnson tackled the dual task of National Aerobic Recorder and Chairman of the Aerobic Review Committee. The Aerobic Trophy has continued to grow in popularity. Fred highlighted an example of a swimmer registering 22 backstroke swims in two months in an effort to secure better points. So interest and dedication to the endurance swims is high and our thanks go to Fred for coping with the increased workload.

Other committees formed during the year included the National Technical Committee and the National Computer Committee.

The former assisted greatly in the re-draft and adoption of our Rules and are currently working on interpretations for referees.

The Computer Committee are a band of dedicated computer experts who are in the process of working out the background analysis and system requirements for computerisation of AUSSI activities. The aim being to be able to offer advice to any AUSSI club or branch who are thinking of purchasing computer hardware and software so that in the long term compatibility at all levels will not be a problem. They have also been successful in gaining substantial sponsorship from Burroughs for the computerisation of the National Swim in 1987 and possibly the World Swim in 1988.

SPONSORS

As well as relying on the support of our members to achieve our objectives, we are assisted greatly by our sponsors.

City Mutual have made their name synonymous with Masters Swimming in Australia. Their help and assistance for our National Swim Meet; their support of the Aerobic Trophy; the production of our swim meet cards and brochures, are all greatly appreciated.

The Federal Government through the Australian Sports Commission allocated to us in 1985, \$1,500 to enable Gary Stutsel to attend a meeting of Masters Swimming International at the Masters Games in Canada, where Australia's hosting of the 1988 World Swim was in jeopardy. Gary was successful in his endeavours and the 2nd World Masters Swim is assured for Brisbane in 1988. We hope this is the first of more assistance and recognition by the Government of AUSSI Masters Swimming in Australia.

Our other major sponsors include Speedo, TAA and Burroughs and we are extremely grateful for their support and assistance.

I present some statistics of interest.

Branch membership figures for the past 3 years:-

	1983	1984	1985
WA	883	1023	1197
NSW	740	827	990
QLD	309	558	683
SA	472	602	681
VIC	391	398	485
ACT	55	106	92
TAS	56	65	81

Total AUSSI registered membership in Australia was 4,209.

Finally I must thank President Ivan Wingate for always "being there" when needed; Beryl Stenhouse for her patience and efficiency; Dick and Peter for their assistance and good humour; and all Branch Secretaries for their commitment and friendship.

GLENYS McDONALD
HON. SECRETARY

Mid Year Council Meeting

NATIONAL DIRECTOR OF FITNESS AND COACHING

There is very little at this time that I can report in my first annual report on what I have achieved for AUSSI. To date, I have completed one article and participated in four executive council meetings.

The executive meetings have been a revelation to me, to find such dedicated and knowledgeable people working for AUSSI, promoting, caring, and steering Masters Swimming in Australia is a great boost to my confidence in the healthy growth rate of AUSSI Masters Swimming in Australia.

Since being appointed Coaching and Fitness Director I have been looking at a number of new areas that I feel we could enjoy and will elaborate on them once I have discussed it with the rest of the committee.

Masters swimming is still a comparatively new activity with us all moving into zones we have never been before whether it's in the water or coaching so moderation must be emphasised. However, we must all continue to spread the word and bring in new members so that they can benefit by using swimming as preventive medicine remembering our motto states fun and fitness through swimming.

COACH ACCREDITATION

Currently two pilot "Level 1" AUSSI Coach Accreditation Schemes have been completed on behalf of AUSSI National and 19 AUSSI members have successfully completed the course requirements.

Both courses were evaluated and Kay Cox of the WA Branch has been asked to finalise requirements for Australian National Accreditation of our course. The final course will be distributed to the National Coaching Accreditation Committee for ratification prior to presentation.

**DICK CAMPION
NATIONAL DIRECTOR OF
FITNESS AND COACHING**

PUBLIC RELATIONS REPORT

1985 was a year of "Well laid plans going astray".

After many hiccups, it seemed the new Magazine 'Swimming in Australia' would have a very glossy future. The articles, although not all from Masters Swimming, were professional, relevant and interesting to all swimmers, and with the very capable and conscientious editing of Carol Davis, success was almost assured. Although success was deserved the magazine's production was cancelled by the printer and a wonderful publication for promoting swimming in all its forms in Australia and (AUSSI) Masters Swimming, in particular has been temporarily lost. I say temporarily, because I believe this type of publication is necessary to illustrate the advantages of the Swimming scene in Australia to the Federal and State Authorities, to potential and existing sponsors, other sporting associations, Medical and Scientific bodies, and to the general public. I believe, as do many others, that this magazine could have been the greatest promoter of Swimming and Masters Swimming undertaken to this date.

Preparations for the '88 FINA/MSI World Championships, to be held in Australia, are underway. Unfortunately, the new Sydney Swimming Complex cannot be guaranteed to be finished in time for the '88 swim, and the venue is now to be the Chandler Swim Centre in Brisbane. With the promised support of the Brisbane City Council, who so successfully staged the 1982 Commonwealth Games, and the expertise of the Queensland Masters, success is guaranteed.

To promote the '88 swim, an Australia Night will be organised during the Japan World Championships and planning for that event is underway. Items under discussion are Static and Video displays of major Tourist attractions in Queensland, Brisbane and Sydney, a bush dance and a typical Australian food and wine supper.

Although AUSSI exists on the 'user pays' principle, all organisations need sponsors, and once again AUSSI is receiving ongoing support from both City Mutual Insurances and Speedo Knitting Mills. President Ivan Wingate has negotiated with both these Companies for major support of our National Swim in Adelaide, so that the National Swim for 1986 will be named 'The City Mutual AUSSI National Swim and Club Championships', and once again we shall have that electrifying event "THE SPEEDO SPRINT".

Ongoing use of TAA as our official or preferred carrier within AUSSI by all AUSSI Members will ensure sponsorship for our organisation as well as the best prices for air fares. Our thanks again to Ivan and his contacts for these negotiations.

The 1st FINA/MSI World Championships in Japan, to be held in July, have created great interest with AUSSI Swimmers and families, and as many as 300 could be winging their way to Tokyo. Tours through "Adventure World" and "Travel Scene" have been sent to all clubs and interested swimmers, and future sponsorship for AUSSI from both Tour Companies and the Air Carriers will be forthcoming, should the tours be well supported.

The negotiated cost of the tour has ensured AUSSI members of the best facilities at realistic prices. Japan,

culturally steeped in tradition, yet amazingly westernised, is an exciting country that should not be missed. The "YOYOGI SWIM CENTRE" built for the 1964 Olympic Games, is still one of the most advanced swim centres in the world today.

COACHING VIDEO:

This has been on the drawing board for some time, and with circulation of the basic format of the Video for additions and/or approval, it is hoped that filming will begin in the near future. Production costs could be quite high should we use professional cameramen — however negotiations are taking place with the N.S.W. Government's Sports Minister to underwrite the costs, and the results should be known soon.

Other Sponsors are interested in supporting the video and subject to final costings, the level of their support will be determined.

Due to the innovation of the split Executive, and the National Office moving to W.A., no Branch promotional news can be commented upon in this

report, however, I am sure that the Branch reports will more than make up for this.

It would seem that with the '88 swim now taking place in Brisbane and the next National swim in Perth, that a Public Relations Officer in N.S.W. would seem a little out of the action. The suggestion I make is that the position for next year should be filled by a P.R. person in W.A. with a P.R. person on the '88 swim Committee in Brisbane reporting to both the National Public Relations Officer and the '88 Swim Committee.

In conclusion, I would like to thank all members of the National Executive, and the many AUSSI swimmers for their help and friendship during the last year. Regrettably, business commitments did not allow me to give this position the time it deserved, and I believe that someone in AUSSI who has the time should be approached to take up this challenging position.

Yours in swimming,
PETER JACKSON

NATIONAL RECORDER'S REPORT

I really have very little to report, in fact I have found it rather difficult to write this particular report. I suppose I could give the number of National Records broken during the past year and who broke the most, etc. However, I am not sure anybody would be interested in that sort of trivia and certainly it wouldn't be of any benefit to AUSSI.

The only really constructive suggestion I have to offer concerns the records. I would like to have these put on to a word processor providing that the cost of the initial setting up and changes is not prohibitive. It is my intention to put forward my suggestions to our Computer Sub-committee for their comments and advice in this matter.

At last I have achieved my objective of publishing the top ten before the National Meet. Although several of the Branches expressed doubts on their ability to get the cards to me by the end of October, all cards were received by 19th November. My thanks to all Branch Recorders for their efforts with the top ten and for their co-operation during the year.

PETER GILLETT
NATIONAL RECORDER

NATIONAL AEROBIC RECORDER ANNUAL REPORT APRIL 1986

Following on from the recommendations of my predecessor, Glenys McDonald, the preparation of 1985 results was not the daunting task of previous years.

The tally sheets prepared by clubs were generally of a high standard for accuracy and neatness. However, some problems were experienced with late arrival of tally sheets and errors in calculating points earned.

Forty one clubs entered the competition and only one branch was not represented. Eight clubs entered the competition for the first time while six clubs who participated in 1984 did not enter in 1985.

Total points scored increased from 12,878 in 1984 to 15,628 in 1985.

Some outstanding personal achievements have been recorded. Fourteen swimmers gave superb exhibitions of stamina and all round swimming ability to score the maximum 67 points while 31 members scored points in every event.

934 swimmers scored points compared to 865 in 1984.

I have included some additional information in the 1985 results which hopefully will be of interest to members:-

- Besides listing clubs in order of total points scored in 1985 I have also included the 1984 figures. Twenty six clubs improved on their 1984 scores. All forms of the top three clubs were checked by me for correctness and adjustments made where appropriate. I also made a 100% check of forms for swimmers scoring 67 points.
- Clubs to be congratulated are Claremont 1st, Syndal Sharks 2nd and Whitfords 3rd. Special mention

goes to Esperance 740 km from Perth whose 665 points was the best effort by a country club although Townsville Masters 863 was the best non capital city effort.

- I have included a "top 20" individual listing. Indicative of the overall high standard is the fact that 20th position went to an outstanding swimmer in Barbara Wilson of North Lodge with a great score of 63 points.
- Perhaps the best individual effort goes to 68 year old Doug Jeffrey of Claremont W.A. There wouldn't be too many 68 year old AUSSI's capable of gaining top points in e.g. 800m butterfly.
- Also worthy of mention is the effort of a super fit husband and wife team Lyn and David Cummins of Claremont who scored 132 points between them. Well done to you both.
- Another innovation this year is a listing of the top three pointscorers Australia wide — male and female by 10 year age groups. It would seem that females aged 25-44 years and males 35-54 years are at their peak of fitness.
- I have also listed the maximum point scorers and those swimmers gaining points in every event. It is indeed an honour to be included in these listings — congratulations to these superfit swimmers.
- Finally I have listed leading point scorers both female and male by club. Three clubs, Claremont, Syndal and Townsville had maximum point scorers both male and female.

I recommend that because of the success of the trial this year the current system be introduced on a long term basis.

Further recommendations for the National Aerobic Trophy are contained in my report "Review of National Aerobic Trophy".

Cost of producing the 1985 results are as follows:-

1. Typing —
2. Printing —

F. E. JOHNSON
NATIONAL AEROBIC RECORDER

NATIONAL TREASURER'S REPORT 1985

One year ago, AUSSI was in a poor financial position. At that time I pinpointed several areas needing attention:-

1. National Council

There had been a 42% increase in cost in 1984. This year the cost has decreased by 25% in spite of increased travel costs for the interstate members of the executive. This is due largely to a generous sponsorship by TAA, allowing our delegates to travel at greatly reduced rates to the mid-year conference. I hope AUSSI members will support TAA so this sponsorship can continue.

2. A.A.S. Magazine

In 1984, this was a major drain on our funds. Last year I reported that the current issue would be paid from 1985 funds. This did not happen as the publishers decided that it would be published as the first issue of "Swimming in Australia" at no cost to us.

Now that we are in a better financial position, your executive can explore the possibility of starting a new magazine. In the meantime, the National Newsletter helps us to keep in touch with the members.

3. Office Wages

Following the election of Glenys McDonald as National Secretary, AUSSI National withdrew from the office shared with AUSSI NSW. A telephone and answering machine were installed at Glenys' home, and she did most of

the typing herself, with a typist being employed when needed. Thus there has been a major reduction in this area of expense.

Due to the reduced expenditure in these and other areas, as well as a large profit from the 1985 Canberra National Swim, AUSSI enters 1986 in an excellent financial position. The surplus funds from 1985 have been invested, and will enable us to purchase equipment such as a photocopier at a future date, as well as allowing us to advance funds to the 1988 World Swim Committee to allow them to prepare for this important event.

4. Insurance

A major area of concern has been the provision of adequate insurance cover for all AUSSI members. A new cover combining Public Liability and Personal Accident insurance has been negotiated with City Mutual, to co-incide with our membership year. I anticipate that in future years, this will be included as part of the National Membership fee, simplifying payment for both clubs and individual members.

We also have Personal Accident insurance for voluntary workers who are not members of AUSSI, as well as the normal cover for equipment and goods for sale.

In conclusion, I would like to thank the following people who have helped and supported me during my second year as treasurer:-

Ivan, Glenys, Peter and Dick, fellow members of the National Executive; Maureen Rose in the NSW Office, Rus Jones from City Mutual, and Andrew Stibbard and Phil Tolley from Nelson Wheeler, our auditors, and my husband Neil.

**AUDITOR'S REPORT TO THE MEMBERS OF
AUSSI MASTERS SWIMMING IN AUSTRALIA INCORPORATED**

We have audited the books and records of the Club for the year ended 31st December, 1985 and are of the opinion that the attached Income and Expenditure Account and Balance Sheet have been prepared so as to give a true and fair view of the state of affairs of the Association at 31st December, 1985 and of the profit of the Association for the year ended on that date.

1. We did not audit the year end stocktake as we have been informed that all necessary documentation and invoices are not available for inspection. These records have not been maintained and therefore an audit on the stock is not possible.

NELSON, WHEELER
Chartered Accountants

AUSSI-MASTERS SWIMMING IN AUSTRALIA SOUTH AUSTRALIAN BRANCH INCORPORATED

President: GRAHAM ORMSBY

Secretary: FLORENCE WALKER

SECRETARY'S REPORT 1985

At the risk of becoming boring I am pleased to report that membership in South Australia again showed an increase. In 1984, numbers were 602, 296 females and 306 males. 1985's total membership was 681, 331 females and 350 males. It is interesting to note that in the last four years we have more than doubled our members.

The clubs number 9, 8 in the metropolitan area and 1 country club.

The year began on a high note when our President of just 10 months, Ivan Wingate, went on to bigger and better things when he was elected National President of AUSSI at the Annual Meeting in March. We were sorry to lose Ivan after such a short time at the helm but are delighted that he is doing such a good job at National level.

At the Annual General Meeting of the S.A. Branch in May, Graham Ormsby, after several years of leading the Adelaide Masters Club, was elected as the new Branch President; other positions remaining unaltered. We were very pleased to at last be able to fill the position of Fitness Director and welcomed Vicki Murphy to the State Executive. She has had many years experience of swimming and coaching and I am sure the Branch will benefit greatly from her knowledge and enthusiasm. Another new appointment since the A.G.M. is of Jean Cannon, as State Social Convenor. She has got through her baptism of fire and has emerged unscathed.

A first in the Branch this year was the conferring of Life Membership. It was awarded to Peter Gillett who has done so much over a long period and general consensus of opinion is that it couldn't have been given to a better person.

Competitively the Branch has been very active. Three interclub meets were held with Adelaide Masters emerging as

premier club. They also retained the State Relay Trophy. However, their run of good luck ended when, in the State Cup competition, Western Districts proved supreme on the day and won by a narrow margin. There was much jubilation!

Our long open water swims have to be the most popular competitions and the social gatherings after the swims are a most welcome and pleasant way of relaxing.

At the National Meet in Canberra, several members were successful in their age groups. In the ladies' section, medals were won by:

Silver	70 - 74	Mavis Boase
	55 - 59	Josie Sansom
	25 - 29	Joanne Sutcliffe
Bronze	30 - 34	Julie Keast

and in the mens' section:

Gold	50 - 54	Jonathan Davies
	25 - 29	Robert Mackay
Silver	45 - 49	Gordon King
	30 - 34	Steve Walker
	20 - 24	David James

We are now most fortunate to have the upgraded Adelaide Aquatic Centre available for our use. It is a superb facility and AUSSI members who were in Adelaide for the 1980 Nationals and are attending again in '86 are in for a most pleasant shock when they see the centre as it is now.

With the completion of the Aquatic Centre AUSSI was invited to take part in the Opening Ceremony, along with the South Australian Amateur Swimming Association, Water Polo Association, Diving and Synchronised Swimmers. We decided to swim the State Relay events and although it was a long day, it was a once only and well worth the effort. A March Past was part of the Opening Ceremony and AUSSI members were most impressive in matching track suits or T-shirts.

The S.A. Branch has again been invited to accept Honorary Affiliation with the S.A.A.S.A. It is something we are delighted to do. In return the Amateur Association help us whenever possible with officials and expertise. We consider ourselves most fortunate to have such good relations with the S.A.A.S.A.

We are also fortunate to have the financial support of Bridgestone and Jack Baker Tyres. They have been with us for several years now sponsoring the State Cup and also the AUSSI West Lakes Long Swim. This is always the most popular in the calendar and being 100% AUSSI is always a great success. Many thanks to Roger Baker, who is our liaison, and makes it all happen.

The Publicity Officer, Jane McNamara, has again managed to produce a quarterly State Newsletter, "Masterstroke". Jane has done a mighty job but a Newsletter relies on NEWS and clubs and individuals are urged to support her by submitting articles of interest and items of news.

A lot of time and energy is being put into the organisation of the 1986 National Swim. A large number of members are working very hard in many different ways in an effort to maintain the high standard other Branches have achieved over the years. We sincerely hope our efforts will equal, (at least) what has gone before and that April 16-19, 1986, will be a memorable time.

To conclude, a big thank you to all members in South Australia whose contributions make this a happy and successful branch of Masters Swimming in Australia.

FLORENCE WALKER
BRANCH SECRETARY.

JSSI MASTERS SWIMMING W.A. BRANCH (Inc.)

President: FRED JOHNSON

Administrator: GLENYS McDONALD

W.A. ANNUAL BRANCH REPORT

The 1985 season in WA can only be termed the year of change and adjustment. These changes were brought about by a number of factors, more particularly the appointment of an Administrator, and the change to quarterly Council of Club meetings.

We were again the largest Branch in Australia with a total of 1,197 registrations. During the year we had 22 affiliated clubs — 15 in the metropolitan area and 7 in the country.

Our membership ratio of males and females has always been fairly even, but in 1985 the total female membership was 680 as compared with 510 males.

ADMINISTRATION

Our Annual General Meeting in February 1985 heralded in a new format for Council meetings with the adoption of the new Branch Constitution. I must

thank those members who assisted with such a complex task. Instead of meeting monthly, the Council now meets quarterly, and day to day matters and correspondence are handled by the monthly Executive meetings. This concept appears to have worked well.

Meetings also changed to Saturday afternoons in an effort to assist some country club participation, and delegates were to be either Club President, Vice-President or Secretary. The most grumbles re. weekend meetings occurred during the football finals, but Pilbara Platypii, 1,770km from Perth and Esperance 700km did manage to take part in two meetings each.

Apathy still appears to be a problem where executive office is concerned. We failed to fill the positions of Recorder or Publicity Officer at our AGM, and as I was elected National Secretary in March and constitutionally was required to resign as Hon. Secretary, we required three key officials. This situation was still unresolved in April at the time of

our State Swim. Only shock tactics at a meeting of Presidents resulted in these positions being filled more than two months after the AGM.

Julia Gobbert took on the horrendous task of finding out just what I had been up to for the past eight years. Fortunately she had the capable assistance of Merrilyn Deniet who was employed as a typist for 8 hours each week. WA wish to thank Julia for the wonderful job she did for the four months in office as Branch Secretary, and the countless hours she put into the task.

As reported in our last Annual Report, our initial application to the WA Government for a part-time Administrator was refused. We followed this up however, and the Minister for Sport & Recreation reconsidered his decision and paved the way for the appointment of the first paid executive officer within AUSSI — quite a substantial achievement. I was proud to be selected from many applicants and commenced work on July 29th.

The Administrator is a member of the WA Branch Executive, but does not exercise a vote. The duty statement includes all the duties of the Branch Secretary, plus club liaison, promotion and assistance where possible to other office bearers. As we have no other paid staff, the Administrator is required to take on typing and general office duties, when not on appointments. This is quite a commitment for a 20 hour a week, part time position and understandably, I have contributed in addition, 112 voluntary hours since taking up office.

The past twelve months has been incredibly busy, and it would be impossible to mention all the programmes conducted in any detail by the WA Branch, therefore a precis only of our activities is listed.

COACHING

- Metropolitan Coaching Clinics
- Country clinic at Esperance
- Level 1 AUSSI Coach Accreditation Course
- Weekly Coaching clinic at Beatty Park
- Coaches Newsletter — monthly
- Purchase of Mark Tonelli video tapes
- Research Study participation
- Membership of Austswim Council

SWIMMING

- Interclub Swin Meets every 3 months
- National Swim — Canberra — March 13th - 16th, 1985
- State Swim — April 13th - 14th, 1985
- World Masters Swim — Toronto, August (well done Myrtle & Gordon)
- Long Distance State Swim — 7th and 14th September
- Swim Thrus — Leighton; Rottneest; Melville; Ravenswood etc.
- State and National Aerobic Trophy — congratulations Claremont
- WA and National Top Ten Times
- National Award Badges
- State and National and World Records broken
- Postal Relay Championships

COURSES

- Carnival Officials Course
- Level 1 Coach Accreditation Course
- Sports Trainers Course
- Level 11 Administrators attended by Glenys McDonald
- WASA Referees Course attended by Kay Cox.

COMMUNITY SERVICE

- Administration of the Over 55's Learn to Swim Programme
- Assistance to the Handicapped Swimming Association
- Valley Pentathlon marshalling
- Teaching of beginners at some AUSSI clubs

ADMINISTRATION

- Appointment of Professor John Bloomfield as Patron
- Input into the wet areas of the currently constructed WA State Sports Centre
- Production of a State Swim Guide
- Affiliation with the WA Sports Federation
- Assessment of alternative office accommodation
- Duties involving Corporate Affairs
- Formation of Constitution Committee
- State Swim Committee
- Computer Committee
- Swim Thru Committee
- Nationals '87 Committee
- Input into National Council Meetings and requirements
- Input into the formation of Veteran Sports Association in WA
- Administration Trophy — Congratulations Dorothy Andrews

PROMOTION

- Northam Fun Swim
- Bullcreek, Spearwood and Albany promotions
- Liaison with West Australian Swimming Association
- Liaison with Royal Life Saving Association
- Promotion with Perth Convention Bureau
- Promotion with the Health Yourself Shop
- Promotions with the Department for Sport & Recreation and Regional Development Officers
- Branch Newsletter "Different Strokes"
- Promotion with WAIT
- Promotion with Burroughs re. computer services
- Promotion with City Mutual

My thanks must go to the people who helped implement these programmes. The members of the Executive and the members of various sub-committees who all give their valuable time because they believe in the objectives and ideals of AUSSI. To those club members who were roped in for various tasks, — whether it be timekeeping at a State Swim; helping the handicapped on a Friday night or sticking down envelopes for the Over 55's programme, — I thank you. Without you AUSSI would cease to exist.

SPONSORS

DEPARTMENT FOR SPORT & RECREATION

Our sincere thanks must go this year to the WA Government and their Department for Sport & Recreation for their valuable assistance.

Grants totalling almost \$9,000 were received. These included the Administration grant; funds for the first Level 1 AUSSI Coaching Course; and Coaching and Administration visits to Country Clubs.

Currently we are preparing an equipment grant request for the purchase of a new photocopier, recoup for our second Coach Accreditation Course; and a valuable research study of AUSSI swimmers is underway in response to a request from us to the Department.

Many of our clubs have availed themselves of equipment grants for items as varied as computer software, video cameras and stop watches.

In addition to this, the Department has assisted with printing costs for our courses; they have conducted valuable seminars and courses and their sports Consultants and other officers are always ready and willing to assist. Their help has been invaluable and very much appreciated.

Knowing what grants are available in other States for activities related to sport and recreation, I can only confirm, that with our Instant Sports Lottery Grants and the Department's forward planning forms, we are very fortunate indeed.

Other Sponsors such as City Mutual Insurance and Australian Glass Manufacturers have generously continued their invaluable support of our activities.

PATRON

I also wish to welcome, on behalf of you all, our WA Patron, Professor John Bloomfield, to the AUSSI WA team. Professor Bloomfield is well known in swimming and sporting circles in Australia and we are very honoured to have his patronage. We look forward to seeing him at our events in 1986.

CONCLUSION

In conclusion I am proud to report that many personal goals were achieved by swimmers of all standards. We in the 'West' truly upheld our main objective — "to encourage adults, regardless of age or ability to swim regularly in order to promote fitness and improve their general health", and with a very willing band of hard workers, we feel we did it well.

GLENYS McDONALD
BRANCH ADMINISTRATOR

A.U.S.S.I.

MASTERS SWIMMING IN AUSTRALIA
N.S.W. BRANCH

President: GARY STUTSEL

Secretary: KEN FORD

NEW SOUTH WALES: ANNUAL BRANCH REPORT

It is with pleasure that I report on some of the major activities held within the N.S.W. region during 1985.

A successful year both competitively and administratively was experienced.

The number of clubs registered as at 31 December, 1985 was 32, with a total of 990 members. The members were divided into 530 males and 460 females. The increase in membership from the previous year was 163. We are confident that a large increase in membership during 1986 will ensue for reasons to be stated later in the report.

Activities during the year under review were many and varied.

The N.S.W. Short Course Championships were held at Singleton, a near country area. The Executive desire, with regard to these Championships, is to hold the event in a country area that will encompass various country clubs so they may experience a State type meet but not so far from the metropolitan area as to penalise the large number of metropolitan swimmers. On this occasion, the venue compared favourably with the previous year.

The meet (held on a long weekend), accommodation, the excellent venue and facilities satisfied the large attendance present. A successful change was made in the presentation dinner, it taking the form of a B.B.Q. in the pool surrounds.

The State Cup was again a complete success with in excess of 400 swimmers competing, coming from 25 clubs.

The manner in which members conducted this meet exemplifies the professional approach that is needed in

our organisation. The recording, timing and most of the conduct of the meet was carried out by the members of AUSSI.

With the advent of computerisation, the recording for the forthcoming State Cup will be revolutionised.

The National Meet and Club Championships in Canberra was well attended by our swimmers whose efforts resulted in many State and National records being established. Congratulations were expressed for the excellent Meet conducted by the A.C.T. AUSSI. A number of 25 N.S.W. clubs attended the event.

We left our mark, and in many cases swam the best times in the international long distance postal swims including the American, British, Scottish, Canadian and Australasian events.

A 24 Hour Swimathon which was promoted by the N.S.W. Sports Council for the Disabled was enthusiastically adopted by our city clubs. 26 clubs swam the night and day away at the Narrabeen Sport and Medicine Centre and raised in excess of \$8,000 for the Disabled. The Warringah Masters excelled in sponsoring themselves to the extent of \$3,000.

The Awards Night, a culmination of the year's nominations by most clubs wherein nominee's activities and advancement in all phases of swimming are extolled in writing, to a panel who select a Swimmer of the Month and an Encouragement Award and result in the Swimmer of the Year both male and female. This does not necessarily mean that the successful nominee be the fastest but does not exclude the champions.

An Administrative Award is made to the person considered to have done the most to advance the cause of AUSSI.

The guest list included National Council representation, Australian Swimming Association, Department of Sport and Recreation and sponsors City Mutual and Speedo Mills.

During the year, we became affiliated with the N.S.W. Australian Swimming Association. We consider this a most important step in increasing the number of clubs and members into AUSSI.

Every large town in N.S.W. has its Amateur Swimming Association and those active amateur swimmers who find the more youthful swimmers difficult to compete with after some years are naturals with regard to forming AUSSI clubs. They have the ability, the desire to compete and the pool venue available. Such a country club has already been formed and with promotion, many more are anticipated. The A.S.A. has 96 city and 200 country clubs in N.S.W.

A Newsletter has been printed during the year with three editions being published. They have an excellent format and have been well received by the members. Plans are afoot for an increase in size and subjects covered.

The 1985 Aerobic Pointscore Trophy results were most gratifying being an increase of 50% over the previous year. It is anticipated that 1986 participation will double as clubs are now aware of the benefits accruing from distance swimming plus the competitive aspect being made aware to members.

The National Top Ten results show a marked increase in participation in N.S.W.

The names of N.S.W. members featured prominently in nearly all distances and age groups. A total of 1228 names appear in the various classes, 671 men and 557 women. This is a marked increase over past years.

A new State Coach was elected owing to a resignation and a programme is being devised with the co-operation of the National Coach and the senior coach of the N.S.W. Amateur Swimming Association.

All clubs are invited to request the services of the State Coach for personal involvement for three hour sessions.

The N.S.W. Technical Committee is active and continues to study the needs of the organisation. The committee's contribution to the National Rules would have been appreciated and its recently published "Guidelines for Timekeepers" fulfills a need. The booklet has been distributed to clubs so that club coaches can instruct all members attending club training periods to ensure proper, uniform and accurate methods of timekeeping.

Administrative changes during the year included the election as State President of Gary Stutzel and Anthony Morris as State Treasurer. Gary's name is so well known throughout our movement and requires no amplification and Anthony is a qualified money man. N.S.W. is fortunate in gaining their services.

An Insurance and Incorporation Subcommittee formed to guide us through the intricacies of both subjects and did valuable work resulting in an Insurance paper being published and the groundwork of Incorporation was laid. The Secretary has started the necessary steps to fulfill the requirements of Incorporation.

The unique Pelican Point Trophy now given a new format is under way again and will prove successful in attracting clubs to compete in all carnivals.

In conclusion, N.S.W. congratulates the National Executive who despite the various distances existing between the members, conducted our business effectively throughout the year. Our thanks are also expressed for their helpfulness and constructive criticisms where necessary.

KEN FORD
BRANCH SECRETARY

VICTORIA BRANCH

President: DANNY SMITH

Secretary: BARBARA WILSON

I have much pleasure in presenting the 8th Annual Report and Statement of Accounts of AUSSI Masters Swimming in Australia, Victorian Branch for the year ended 4th December, 1985.

Regular State Committee meetings have been held during the year at the Fred Drewyhouse Swimming Pool, Ringwood, with the following attendance:—

President	Danny Smith	10
Vice-President	David Gordon	5
Secretary	Barbara Wilson	9
Treasurer	Ted Tullberg	5
Fitness Director	Anita Killmier	5
Publicity Officer	Diane Norbury	3
	Bruce Rowe	3

Minute Secretary	Ros Perry	9
Records Officer	Michael Myslinski	3
Registrar	Hans Wehrens	9
Clubs — North Lodge		10
Powerpoints		10
Syndal		5
Doncaster		7
Frankston		4
Melbourne University		0
Diamond Valley		9
Committee — Pam Kempson		8
Bob McCabe		10

Country clubs are not expected to attend the State Committee meetings but are kept informed of all State events through the circulation of minutes, relevant memos and the State newsletter.

At present we have 15 affiliated clubs — 8 metropolitan and 7 country. In October, John Hall and his wife (former NSW AUSSI Members) formed the Broadmeadows Club — our first in the Western District — and we look forward to their entry into the AUSSI competitions and friendly atmosphere. The Geelong Club through the efforts of Liz McGrath have re-formed and reports to hand say that membership is growing weekly. A team of 12 swam in the recent State Pentathlon competition.

The 1985 State Swim was held at two venues this year — Dandenong pool on the Saturday evening and the State Swim Centre on the Sunday. Although this worked quite well it was seen by the State Branch that, in future, the State Swim Centre must be used for our State Swim. No electronic timing, no starting blocks at one end and the general atmosphere was absent at Dandenong so the 1986 State Swim will be held at the State Swim Centre in its entirety.

The 1985 State Presentation dinner was held at the Richmond Social Club and a great night was enjoyed by all who attended. The meal was followed by the presentations to overall placegetters in individual and relay events at the State Swim and the top scoring club won by North Lodge with Powerpoints close behind. The night finished with some interesting dancing. The State Committee has recommended that the 1986 State Swim Presentations take the same format.

The State Pentathlon was a great success with over 200 swimmers taking part in the five event programme. This year the 60 and over swimmers were given the choice of 25m. Butterfly or Sidestroke in the individual Butterfly event and Individual Medley event and this proved very successful with more older swimmers taking part. The presentation social was held after the swim at the Sandringham Hotel and was enjoyed by all who attended. The overall Club points award went to Powerpoints with North Lodge in second place.

The Inter-Club meets have been very well and enthusiastically attended. Thanks to all clubs who ran Inter-Club swims. The social interaction at the conclusion of the swim is great for all. Congratulations to the following Inter-Club age group winners and runners up:-

20-24	Doncaster	74
	Powerpoints	48
25-29	Powerpoints	255
	Diamond Valley	120½
30-34	Diamond Valley	121½
	Powerpoints	80
35-39	Powerpoints	206
	Frankston	198½
40-44	Powerpoints	200
	Doncaster	154
45-49	Powerpoints	210
	Frankston	140½
50-54	North Lodge	435½
	Powerpoints	85
55-59	North Lodge	130
	Diamond Valley	90½
60-64	North Lodge	129½
	Powerpoints	28
65-69	North Lodge	184
	Powerpoints	76
70-74	North Lodge	13
75-79	North Lodge	5

MASTERS SWIMMING IN AUSTRALIA

P.O. Box 569, Archerfield, 4108.

Queensland Branch

President: RAY ROSE

QUEENSLAND ANNUAL REPORT

During the 1984/85 season, fourteen clubs registered with the Queensland Branch. This compared with twelve clubs in the 1983/84 season.

Comparative	Registrations	Increase % (approx.)
1982	278	
1983	309	+ 11%
1984	558	+ 55%
1985	683	+ 24%

Registration for the 1985/86 season we believe will possibly increase by 33% thus giving us our projected target of 1000 registered members one year earlier than we had hoped for.

MAJOR ACTIVITIES

Three major Swim Meets were contested during the year.

- The State Titles - Chandler Aquatic Complex - March
- Sth. Q'land Short Course Titles - Polas Aquatic Centre - August
- Nth. Q'land Short Course Titles - Townsville - November

Other Swim Meets conducted by Clubs during the year:

- Toowoomba - Short Course - September
- Bundaberg - Long Course - October
- Brisbane Southside - Long Course - November
- Maryborough - Long Course - December
- Sunshine Coast - Long Course - February

Secretary: JOHN TOWNEND

Gold Coast - Long Course - April
Gold Coast - Robina Lake Swim - January

At every meet it was encouraging to see new faces competing for the very first time and enjoying one side of Masters Swimming which is often looked upon as something for the more advanced swimmer. Congratulations go to Bundaberg who are to be commended on their very first swim meet conducted in October. Ninety-three swimmers travelled to Rum City and had a good weekend of swimming and the chance to meet our newest club.

AFFILIATION TO THE QUEENSLAND SWIMMING ASSOCIATION:

Over the past year our ties with the Q.S.A. have greatly improved thanks to the efforts of John Townend. There is now a much better understanding as to what we require from the Q.S.A. at our Swim Meets. The enforcement of the Rules of Swimming has seen a dramatic improvement in styles from all age groups.

Those who have been disqualified have gone away and have had their stroke looked at and then practised, re-nominated for the same event and this time they have not been disqualified.

The Masters Swimming in Australia — Queensland Branch Encouragement Award, in conjunction with the Chairman of the Q.S.A. and the Secretary of Masters Swimming Queensland, John Townend, presented two awards, each of \$250.00 to two young Queensland swimmers to encourage them to continue their swimming. Both of these swimmers are deserved of this award and we anticipate that both will one day represent Australia and remember the assistance they had from Masters Swimming. This award we hope to continue on a yearly basis with a review of the amount to be revised in 1987.

The recipients of the first awards were:-

- Collett Gunn - A.C.I. Lawrence - Brisbane
- Glen Housman - C.Q. Aquajets - Rockhampton

NATIONAL SWIM — CANBERRA

A small number of Queenslanders attended the '85 Nationals. Worthy of mention was the outstanding performances of Mark Phillips from Toowoomba who re-wrote the record books in the 20-24 years age group. He was awarded the 'Most Outstanding Swimmer of the Meet' at the presentation ceremony.

NATIONAL AEROBIC TROPHY

Once again Queensland Clubs contested with perhaps little less enthusiasm than one would hope. Lack of heated pools during winter and a short swim season in summer has tended to make the aerobic competition a fairly restricted event to those fortunate enough to have heated pool facilities.

The most popular event seems to be the One Hour Swims organised by New Zealand Masters and the British Long Distance Swimming Association.

COACHING & VIDEO TRAINING FILMS

John Townend has been able to obtain from the Australian Swim Coaches Association the following video cassettes:-

- Learning the Freestyle, Breastroke, Backstroke and Butterfly by Dr. Brian Blanksby, — An Australian made video which not only shows

the correct way to perform each stroke but also shows common faults of swimmers. This is an excellent cassette which caters for both beginners and the more advanced swimmer.

The Tonelli Tapes — a cassette for both beginners and the advanced swimmer.

The Counsilman Tapes — for the advanced swimmer, goes into precise detail. Perhaps a little too complicated for general use.

The Coca-Cola Coaching Clinics — Joe King and Bill Sweetenham. Joe King details stretching exercises and uses members of the Leander Swim Club to demonstrate the various strokes. Bill Sweetenham, training the distance swimmer. Footage of Michelle Ford's Gold Medal victory in Moscow 1978. Commonwealth Gold Medallist Tracey Wickham features.

Fast & Furious — the amazing story of two Canadian swimmers, Victor Davis and Alex Baumann who both have currently world records credited to them. A motivational cassette if you feel the need is there for that little extra get up and go.

CLUB LISTINGS

1984/85 Membership

A.C.T. BRANCH ANNUAL REPORT

President: BILL PARKER

Secretary: ANGELIKA ERPIC

ACT Branch is unique in AUSSI Masters Swimming in Australia — it is a one club branch. This is both good and bad. It is good in that communication is rapid; branch and club meetings are simultaneous. It is bad in that there is no element of badinage and "rivalry" that often adds so much fun to AUSSI swim meets. To this end though, NSW Branch and clubs have been great, opening their doors willingly to ACT at all times.

During 1985, ACT Branch had a maximum of 92 members, 46 females and 46 males. At the close of the year there were 85 members, the drop being due to transfers outnumbering new members (transfers being a fact of life in the ever-changing population of Canberra). This peak figure represents a 13 member decrease on 1984, a decrease due to an enormous influx of new members in 1984, after the club moved to the A.I.S. complex. (The 1983 figure was only 58).

Hosting the National Swim Meet was, of course, our major activity during the year. In spite of some dissatisfaction expressed with the refereeing, we feel the Nationals were a success. Anything that was capable of leaving us all so

exhausted must have been! At the Nationals, there were 54 clubs represented by 518 swimmers as well as 2 American swimmers. 45 ACT members swam, placing ACT club 5th overall, which we thought was rather clever.

Our other big achievement of the year was at the Warringah, NSW, Swim Meet in July. Our 9 participating members achieved fame (albeit of a somewhat parochial kind) by winning a beautiful trophy for the highest average number of points per swimmer. This is our 2nd trophy in our 9 year history, the first being a mere 8 months earlier. Dare I say: "Move over North Lodge. Here we come!"

In conjunction with the ACT Division of the National Heart Foundation, we also held a 1500m lake swim on the Australia Day weekend (70 swimmers entered) and a 30 hour Swim For Heart at the AIS pool in July, which raised \$19,000 for the National Heart. Our association with the ACT Division of the National Heart Foundation continues to be strong, especially in the form of ready access to a photocopier and for occasional printing needs.

As well as the ACT Branch Fitness and Coaching Director (whose patience with all abilities of swimmers is amazing), Des McCormick, the former National Fitness and Coaching Director, contributed much to improve swimming amongst our members. He cheerfully conducted 3 stroke correction/"coaching" type clinics for ACT members and a stroke correction clinic for all-comers during the Swim For Heart in July. These sessions were all very successful and extremely beneficial, from both the individual and club viewpoints. We look forward to continuing close contact with Des during 1986.

The Aerobic Trophy pointscore swims remain a strong incentive for a large number of our swimmers, 2 of whom did the maximum number of swims with a few others not far behind. Hopefully however, 1986 will see a bit more interest in the City Mutual awards, particularly amongst swimmers who are unable to do 400m swims yet, or who are only able to do it in one stroke.

The Branch's social activities organised during 1985 were generally well patronised and continue to be an important part of our overall programme.

The ACT Branch continues to produce a monthly newsletter, TIDAL, which, with a new editor who has a distinct flare for the written word, has come to full bloom. I will conclude this report with a verse from TIDAL about "True Blue AUSSI".

You wouldn't be an AUSSI, you
wouldn't be true blue
Unless swimming meant something
to you!
You wouldn't get up early and head
down to the pool to train
Or push yourself through water till
you can hardly take the strain.
You wouldn't persevere with goggles,
especially when they leak

Or set yourself a programme aimed at
trying to reach your peak.
You wouldn't be out there always
trying to improve your time
Or swimming in Lake Burley Griffin
amidst the weeds and grime.
You wouldn't be always aiming to
make the Top Ten
Or planning for the Masters in Japan,
knowing it'll cost you a pretty yen.
You wouldn't be swimming in freezing
water, which makes you turn all blue.
I don't know why I'm an AUSSI,
do you?

Finally, on behalf of ACT Branch, I also wish all AUSSI members a successful and happy 1986, in and out of the water, and may both the National Council Meetings be as short and sweet as possible!

ANGELIKA ERPIC
BRANCH SECRETARY.

NATIONAL SWIM MEET — CANBERRA 1985

TASMANIA BRANCH ANNUAL REPORT

President: HECTOR BEVERIDGE

Secretary: JENNY PAGE

The Tasmania Branch of AUSSI consists of two clubs, one in Launceston and the other in Devonport. There was a membership increase of 16 overall on the 1984 total of 65. The 81 members were distributed as follows:

LAUNCESTON AUSSI

M — 13

F — 30 Total 43 (35 in 1984)

DEVONPORT DEVILS

M — 22

F — 16 Total 38 (30 in 1984)

We held several events for the first time in 1985, not the least of which was the 1st State Swim. The programme was divided between venues in Launceston and Devonport and held on consecutive Friday evenings in February. Although very much a trial, we felt it was very successfully run and well attended. The points went to Devonport who won the State Shield, which was presented at a dinner held in March in Launceston.

April was the month of the Branch A.G.M. at which all members of the previous executive were returned to office. However, due to the transfer to Perth, W.A. of our President Ken Pitman and his wife Edith, (Publicity Officer) in July, we called for nominations to fill the vacant positions. Hector Beveridge (DEV) and Mary Waters (LAU) were elected to the positions of Branch President and Publicity Officer.

The Branch Fitness Director Trish Beveridge, arranged and presented a seminar entitled, "Stroke Mechanics" at Devonport and the Ulverstone pool during July. It is a pity that such well presented and worthwhile seminars are not better attended. We will continue to present these seminars when possible as those who do make the effort to attend will reap the benefits of our experienced coach's advice.

August saw our 1st Winter Swim (short course) at Launceston's Mowbray Pool. This time the points went to Launceston with a home ground advantage. A presentation supper was held immediately after when, after some hurried calculations, certificates were presented to placegetters.

The Mid Year Council meeting in Sydney was attended by delegates Chris Holloway and Jenny Page, who duly reported back to the Branch.

In November, members of the Branch Executive travelled to Hobart to talk with and assist potential AUSSI people at the Glenorchy Pool. Our 3rd club will form as a result of this and subsequent meetings.

The Branch called upon and received assistance from the Northern Districts Amateur Swimming Association, in providing officials for our State Swims. Their help was very much appreciated as our clubs find it hard to provide all the needed officials.

The Division of Recreation is informed of our progress from time to time via news sheets or their own request. This is an area that needs more development on our part.

Both clubs prepare their own newsletters for distribution to members at approximately monthly intervals. At this stage, a Branch news sheet has been considered unnecessary, but events of 1985 may lead to the possibility of our preparing an information sheet at intervals. We are still small enough for contact between members via the telephone or word of mouth. If the new club at Glenorchy becomes a reality in 1986, then this method will need to be revised.

The National Swim in Canberra was rather poorly attended, after what seems to be genuine expressions of interest. A variety of reasons were given for non attendance, but it would be nice to see a larger roll up in Adelaide in '86.

Our members are becoming involved in the Aerobic Trophy swims. Despite a concerted effort by Launceston with 12 members taking part, Devonport with

14, won the State Aerobic pointscore with 129 points to 85. Top pointscorers were Gai Furey (DEV) with 30 points, Malcolm Will (DEV), 25 points, and Jenny Page (LAU) with 22 points.

Overall, 1985 has been a successful year for AUSSI in Tasmania. The highlight of the year was our 1st State Swim. We have opened the way for future successful carnivals on a

statewide basis. The members of the Branch Executive feel that progress is being made and AUSSI is reaching out to more people all the time. We look forward to bigger and better happenings in 1986.

JENNY PAGE
BRANCH SECRETARY.
