UNISYS. PROUDLY SPONSORING A U S S I NATIONAL SWIM AND CLUB CHAMPIONSHIPS.

MESSAGE FROM THE PREMIER OF WESTERN AUSTRALIA

I am delighted to welcome so many interstate and overseas swimmers to Perth for the 13th AUSSI national swim and club championships.

Although they have come a long way to take part in this event, they will, nevertheless, be feeling very much at home in the West where the AUSSI movement has made great progress since the Western Australian Division began with one club, Carine, and six members in 1977.

Today, State metropolitan and country clubs are contributing impressively to the national membership, now totalling 5,000 registered Masters swimmers whose ages range from 20 to 90 years!

By so encouraging people of all ages to take up swimming for fitness and fun, the AUSSI movement is building on a unique concept of adult sport and recreation.

As well as enabling former champions and competitive swimmers to maintain their interest, it is actively attracting new enthusiasts to the sport.

But you don't have to be a champion or former champion swimmer to join AUSSI. In fact, some of Western Australia's most active members could hardly swim a stroke before they joined the movement.

It is refreshing, also, to see people of middle age or older, who have never swum competitively in their lives, now taking up swimming as a regular sport.

Clearly, the movement has hit upon the ideal recipe for encouraging people to not only keep fit but also enjoy doing it and I warmly congratulate it upon its achievement.

To our 300 AUSSI Masters visitors I extend best wishes for a pleasant stay and four days of good swimming, enjoyable companionship and happy relaxation.

With a warmth of hospitality matched only by the warmth of its sunshine, Perth is well-accustomed to the happy task of welcoming visitors from outside the State.

I believe you will quickly appreciate this and will want to return at some future time. When you do, you will be assured of the same sincerely warm welcome.

Brian Burke

Brian Burke, MLA
PREMIER OF WESTERN AUSTRALIA

PRESIDENT'S WELCOME

On behalf of all West Aussi's I extend a big welcome to our friends from around Australia and New Zealand to the largest national swim ever conducted.

844 swimmers, 4,454 individual entries and 387 relay teams constitute a fantastic response and we wish all competitors the best of swimming.

The Presentation Dinner is a sellout and I'm sure everyone will enjoy this Annual Pilgrimage.

Special thanks to all Sub-Committee Chairmen and their helpers who have worked long and tirelessly to ensure the success of this meet.

I feel it is important to remember our motto 'Fitness and Fun' even if on the way, it means "killing" yourself to get fit. Have a wonderful carnival and to those visiting our great State, I trust your stay is enjoyable and lives long in your memory.

David Cummins
WA STATE PRESIDENT

On behalf of the 1987 National Committee I welcome you all to Perth for this, the thirteenth AUSSI National Swim. It seems appropriate that the thirteenth swim should commence on April Fool's Day.

Many of you will be swimming at the "Nationals" for the first time, being residents of Western Australia. It is very costly travelling the width of Australia but it is all relative. I trust that many of the locals will get the bug of compulsion to attend all Nationals from now on. Actually there won't be a Nationals for a while, but you can make it to the Australian Masters Games swimming in Devonport, Tasmania later this year, then the World Swim at Brisbane in October, 1988.

To those who have travelled the continent, I welcome you too and thank you for making the effort.

I trust that you will all make new friends and those who have been before, renew old acquaintances, and that everyone swims P.B's.

Above all - have a great time.

Ivan Wingate
NATIONAL PRESIDENT

MARSHALLING

Marshalling will be according to the heats and lanes as set out in the programme. It is your responsibility to report to the Marshall and be placed in your event prior to being handed over to the Check Starter under whose care you must remain until called to the blocks. Watch the marshalling board and report promptly when your heat is called. Failure to report as requested will result in an automatic scratching.

After the heat preceding yours begins to swim you must step forward and present your card to the Marshall and remain behind your block.

FINISHING

Competitors must finish in the lane in which they started and must be sure to hit the electronic pad firmly. Then move back a metre or two from the end and hold on to the lane rope, BUT REMAIN IN YOUR LANE. On the signal from the referee (or after the next heat has started) competitors are to leave the water by the SIDE OF THE POOL ONLY. Take care leaving the pool, especially in relay events, and under no circumstances touch an electronic touch pad.

STARTING

Except in backstroke events, swimmers may start on or beside the blocks or in the water provided that one hand is on the end of the pool when the start signal is given.

On the preparatory command from the Referee, the competitors will stand onto the surface and front of the starting block or pool edge, or in the water and remain there. On the preparatory command from the Starter "take your marks" the competitors shall immediately take up a starting position. When all competitors are stationary the Starter shall give the start signal.

FALSE START

Should a false start occur the Starter shall recall the competitors by a second signal. A rope shall be held in readiness at a distance of fifteen metres from the starting point and shall be dropped if there is a false start. The starter shall at the first false start remind the competitors of not starting before the starting signal. After the second false start, the Starter shall call all competitors together and advise them that if the false start is repeated on a third occasion in an event, no matter if by the same or another swimmer(s) the Starter shall proceed with the start and with the concurrence of the Referee, disqualify the offender or offenders.

Where a competitor dives into the pool after being directed by the Starter to "stand up or stand down" following a false start by another competitor, this shall be considered by the Starter and Referee as a disqualifiable infraction.

DISQUALIFICATIONS

Swimmers must be aware that disqualifications may occur. Swimming strokes, starts, touches and turns must be in accordance with AUSSI rules.

No abuse of referees or officials will be tolerated, and clubs will risk suspension if this occurs.

PROTESTS OR DISPUTES

Regarding the meet or results must come from club captains to the meet director. The necessary form must be completed and returned the same day as the dispute or protest occurred.

RECORDS

World and national records are able to be broken by all competitors.

WA State swim records can only be broken by WA competitors.

STROKE RULES

Breaststroke

- a) From the beginning of the first arm stroke after the start and after each turn the body shall be kept on the breast and both shoulders shall be in line with the surface of the water.
- b) All movements of the arms shall be simultaneous and in the same horizontal plane without alternating movement.
- c) Up and or down movements of the legs or feet are not permitted throughout the swimming of the event, including the start and the turn.
- d) The feet should be turned outwards in the backward movement. A flutter kick or dolphin kick is not permitted. Breaking the surface of the water with the feet shall not merit a disqualification unless followed by a dolphin kick.
- e) Hands shall be pushed forward together from the breast and shall be brought back on or under the surface of the water.
- f) Upon finishing the race or timed swim the touch shall be made with both hands simultaneously at the same level, either at, above or below the water level. The shoulders shall be in the same horizontal position. At the turn a simultaneous but uneven touch is permitted. On the finish the touch must be simultaneous and on the same level.
- g) A part of the head shall always be above the general water level, except at the start and at each turn, where the swimmer may take one arm stroke and one leg kick while wholly submerged before returning to the surface. It is not permitted to submerge the head below the surface of the water when lunging for the wall at the turn or finish.

Backstroke

- a) Competitors shall line up in the water, facing the starting end with hands resting on the end or rail of the pool or starting grips. The feet including the toes shall be under the surface of the water. Standing in or on the gutter or bending the toes over the lip of the gutter is prohibited. The swimmer is not allowed to make any movement with any part of his body before the starting signal has been given.
- b) At the signal for starting and when turning they shall push off and swim on their backs throughout the event. The hands resting on the end or rail of the pool shall not be lifted before the starting signal.
- c) Any competitor leaving his normal position on the back before his head, foremost hand or arm has touched the end of the course for the purpose of turning or finishing shall be disqualified.
- d) Provided that a swimmer does not turn his body more than a angle of 90 degrees with the surface of the water he will be considered to be swimming on the back.
- e) It is permissible to turn over beyond the vertical after the foremost part of the body has touched, for the purpose of executing the turn but the swimmer must have returned past the vertical to a position on his back before the feet have left the wall.

Medley

- a) In an Individual Medley event, a competitor shall swim Butterfly stroke, Backstroke, Breaststroke and Freestyle in that order.
- b) In a Medley teams event, each team shall consist of four (4) members who shall swim respectively Backstroke, Breaststroke, Butterflystroke and Freestyle in that order.
- c) During all types of Medley swimming, all of the strokes must be swum according to the rules of that particular stroke.

Butterfly

- a) Both arms must be brought forward together over the water and brought backward simultaneously. The body must be kept on the breast and both shoulders in line with the surface of the water from the beginning of the first arm stroke, after the start and on the turn.
- b) All movements of the feet must be executed in a simultaneous manner. Simultaneous up and down movements of the legs and feet in the vertical plane are permitted. The legs or feet need not be at the same level, but no alternating movement is permitted.
- c) When touching at the turn or on finishing a race, the touch shall be made with both hands simultaneously on the same level, and with the shoulders in the horizontal position. The touch may be made at, above or below the water level.
- d) At the start and at the turns, a swimmer is permitted one or more leg kicks and one arm pull under the water, which must bring him to the surface.

Clarification

- a) Both arms must be brought forward together over the general surface of the water with the elbows being visible on the top of the water and the arms being brought back simultaneously. This is the minimum requirement in accordance with this Rule.
- b) Either a dolphin or a breaststroke leg action may be used with the butterfly arm action.
- c) A mixture of these types of leg action may be used during the performance of the Butterflystroke.

Same day Bank Loans.

Your plans might be for that new car, having the garden landscaped, carpets for the family-room, home extensions, or just about anything.

With an ANZ Bank Loan you don't even have to bank with us to qualify. You'll be surprised how easy it is to get a decision.

In most cases we can give you an answer the same day. And it's usually "yes". Unlike some other banks, ANZ Managers have more ability to approve loans without going to "head office".

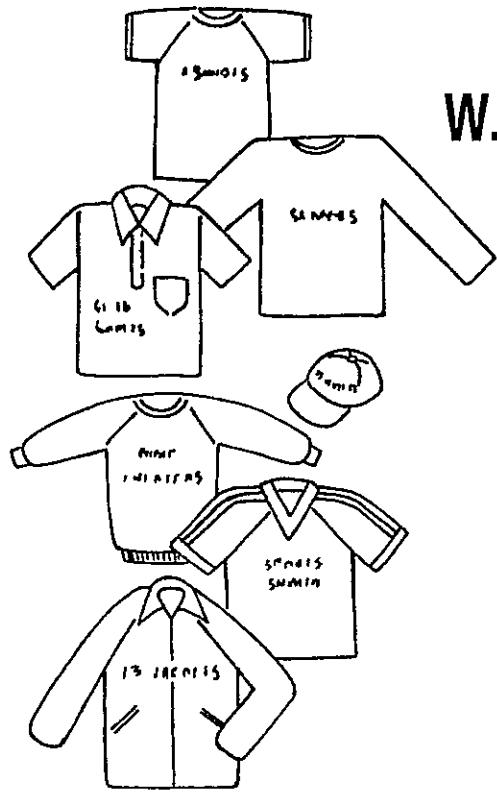

Your nearest ANZ Manager is keen to lend you money, and is waiting to help you plan your loan. Now is the best time to apply.

Halberts win by a length every time...

WHY?

Because no one performs better than Halberts when it comes to giving our customers, past and present, what they want ... and that's better parts and service, better finance and a better range of new Mitsubishi Magna, Sigma, Colt, Pajero, Star Wagon, and L300 Express vehicles.

Talk to Geoff Hunter about their special Halberts New Car package today and test drive one of the new model Mitsubishi's today.

Same day Bank Loans.

Your plans might be for that new car, having the garden landscaped, carpets for the family-room, home extensions, or just about anything.

With an ANZ Bank Loan you don't even have to bank with us to qualify. You'll be surprised how easy it is to get a decision.

In most cases we can give you an answer the same day. And it's usually "yes". Unlike some other banks, ANZ Managers have more ability to approve loans without going to "head office".

Your nearest ANZ Manager is keen to lend you money, and is waiting to help you plan your loan. Now is the best time to apply.
