FIRST AUSTRALIAN MASTERS GAMES — SWIM MEET

★ ★ ★

It is with pleasure that I welcome all swimmers to the First Australian Masters Games, to the City of Devonport and to the first National Masters Swim Meet to be held in Tasmania.

The Masters Games is an exciting concept that promises to give mature age sport its concepts and personal benefits as high public profile. These Games are a true "Festival of Sport", there being thirty five sporting competitions to be staged. The importance of sport to our Australian way of life is demonstrated by the number of people competing at more than one venue.

Swimming is no exception. Of the 253 registered competitors, 27 are second sport persons and I suspect many regular swimmers are also competing in another sport.

To all the members of AUSSI who regularly attend Masters Swim Meets, you will notice very few changes to the format you are used to. To those who are not regular Masters Swimmers or AUSSI members, I welcome you back to the pool and express the hope you will enjoy your return to swimming and appreciate the way we conduct Masters Swimming.

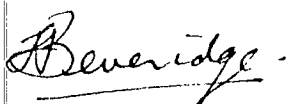

I urge all swimmers to read the instructions to swimmers carefully. Regulars should note this is not an AUSSI Meet. Could I suggest the newcomers consult an AUSSI member if they have trouble following the format.

Because of the structure of the Games, we were not allowed to engage a Meet sponsor and have found our portion of the registration fee restrictive but have worked hard to provide social functions of a suitable quality.

We are most appreciative for the sponsorship response from local businesses and I sincerely thank them all for their support. Without their assistance the carnival would not have proceeded.

I wish to thank the volunteer officials in advance, all of whom are experienced ASI officials and I know their expertise will ensure a successful swim.

Of course, the primary ingredient required to ensure a successful swim (apart from good weather!) is your participation and personal achievement. To all competitors, visitors and the many acquaintances I have made in a short swimming career — good luck, enjoy your swimming and your visit to Devonport.

AFTER the shakeout, only the
strongest companies will remain.
Unisys will be among them.

It combines the historic strengths of
two pioneering corporations with the
advantages of a new company responsive
to new realities.

With Sperry's and Burroughs'
strategically combined resources, Unisys
will not only continue to back the Sperry
and Burroughs product lines – but
will enhance them more spectacularly
than ever.

It has the insight to develop products
that respond to today's market and the
foresight to create for tomorrow.

Unisys staying power means that for
years to come, it will provide what the
market has so desperately been awaiting
– a real alternative.

Spend the night with someone friendly in Devonport

Sunrise Motor Inn

Discover what **◆◆◆◆** means!

Four diamonds is the top R.A.C. rating for motels (other than the very large luxury complexes). To quote the R.A.C. definition it means "exceptionally well appointed establishments with a high degree of comfort".

And that's just what you get at the Sunrise Motor Inn. It's the perfect place to spend your first night in Tasmania or last before you leave. If you're travelling on the Abel Tasman it's only minutes from the ship.

Breakfast and dinner are available in the attractive dining room at very reasonable rates. There's room service, too, and your phone is direct STD dialling. Then there's the real convenience of being able to park right outside your unit.

You get the kind of comfort at the Sunrise Motor Inn that you expect in an international hotel but at a fraction of the cost.
